

**Design Notes:**

1. Cross section as shown is suitable for pedestrian or commercial plaza use only. Depth of base subject to site specific hydraulic and structural requirements. Contact Oldcastle Architectural for design assistance.
2. Paver dimensions subject to aspect and plan ratio requirements based on traffic loading.
3. Diameter, and number, of horizontal discharge pipe(s) subject to permitted stormwater discharge rate from the site.
4. The need for a nonwoven protective geotextile underneath the liner is subject to the subgrade soil conditions.
5. ASTM No. 2 stone may be substituted with No. 3 or No. 4 stone.
