Today’s outdoor spaces are more dynamic than ever, designed to complement the way you live and your aesthetic. Whether it be a chic lounge area for entertaining, a green-filled hideaway that amplifies your connection with nature, or a clean & minimal space for family fun, the Outdoor Roomscape is your gateway to paradise at home.

Bring together natural aesthetics with a modern feel. The irregular edge of the plank pavers allows for a modern twist on biophilic design.

Design doesn’t have to be loud to make a big impact. The “less is more” philosophy sharpens the focus on what really matters in your design.

A backyard with a view needs only two chairs by the fire to complete a rustic design that coincides with nature.

Using a pop of color around your front walkway, like a bright colored door, is a little change that adds big curb appeal.

Keeping landscaping simple not only reduces the amount of time a homeowner spends on yardwork but also places focus on their investment.

NATURAL CONNECTION

In the ever-expanding age of technology, many rising trends center on the health benefits of incorporating design elements that help keep us connected with the natural world. This can be done both texturally and by integrating organic elements like water, fire, wood or plant life into the hardscape design.
Intertwining the natural and built environments can soften a contemporary look and create a sense of wellbeing.
INTRODUCING BELGARD'S COLOR OF THE YEAR

Accents of Terrarium complement the full range of Belgard colorations — whether on an urban rooftop or at a rural retreat, a suburban backyard or a seaside terrace. Signifying growth, vitality, and renewal, hints of this green in accents and decor help create your biophilic paradise at home.

INTRODUCING BELGARD’S COLOR OF THE YEAR

Accents of Terrarium complement the full range of Belgard colorations — whether on an urban rooftop or at a rural retreat, a suburban backyard or a seaside terrace. Signifying growth, vitality, and renewal, hints of this green in accents and decor help create your biophilic paradise at home.
COLOR

Belgard’s color of the year, Terrarium is a powerfully rejuvenating hue that amplifies and enhances our connection to the natural environments around us.
Texture plays an integral role in outdoor living design. The textures chosen can add a dimensional aspect, a time-worn aesthetic or an element of sophistication.

Scale

Depending on the design goals, the shape and size of a paver can help make an outdoor space look more cozy, more open and contemporary, or more in harmony with the surrounding environment.
GREAT is in the DETAILS

Use a monotone color scheme with perpendicular borders.

Follow the landscape and allow for nature to guide you.

Pick a smooth texture for a modern aesthetic and use color to create contrast.

Different colors, shapes and sizes make for eye-catching design.

Decide where you want the natural world to break through.

Add visual and tactile interest by mixing textures and colors.
THIS or THAT

SUBTLE CONTRAST Use a monotone color scheme with perpendicular borders.

BOLD CONTRAST Different colors, shapes and sizes make for eye-catching design.

WORK WITH NATURE Follow the landscape and allow for nature to guide you.

MAKE NATURE WORK WITH YOU Decide where you want the natural world to break through.

GO SMOOTH Pick a smooth texture for a modern aesthetic and use color to create contrast.

MIX IT UP Add visual and tactile interest by mixing textures and colors.

When you step into the HGTV® Dream Home 2020, you’re on “island time.” Set on the South Carolina Lowcountry of Hilton Head Island, the shady pines and proximity to the sea played as inspiration for the exterior with coastal blues, rustic browns and sandy tans.

Designed to embrace the marsh front backdrop, the home offers an abundance of outdoor living space. The expansive backyard boasts marshland views with all the splendor of a Gatsby soiree.

The primary goal in designing an outdoor living room is to create a space that invites you to spend time outdoors. Whether you enjoy entertaining large groups or prefer an intimate space for curling up with a good book, you bring life outside.
An inviting outdoor retreat provides a mix of beautiful flora, shady nooks and areas to relax or entertain. Take it a step further with hardscaped pathways or a water feature.

OUTSIDE ROUTINE CLEANING

1. Use a stiff bristle broom and garden hose to scrub and clean the pavers.

2. **HIGH TRAFFIC ZONES** Add in some detergent to the water mix to dislodge dirt from the surface.

3. Scrub with push broom and rinse with garden hose.

**REMOVING OIL STAINS**

1. Wipe excess oil from the surface and apply liquid detergent as soon as possible.

2. Allow it to soak for several minutes, then wash with hot water.

Several treatments may be necessary for particularly stubborn stains.

Cleaners specially made for removing oil stains from concrete pavers are recommended.

**PREVENTING WEEDS & ANTS**

YOU’VE GOT OPTIONS

1. Remove by hand or with herbicides. Use with care so that adjacent vegetated areas are not damaged. Opt for a biodegradable product that won’t damage other vegetation or pollute water supplies.

2. Apply a sealer over the entire paver surface and let cure.

**SNOW & ICE REMOVAL**

Concrete pavers offer outstanding freeze-thaw resistance.

1. Shovels or Plows

2. Electric or liquid snow-melting systems under concrete pavers.

Ask your Belgard dealer or contractor about Snow-melting Systems for Interlocking Concrete Pavements.

**EFFLORESCENCE**

[ef-luh-res-uh ns] noun

1. A white haze created by a chemical reaction that occurs when the lime or water soluble calcium oxide produced by cement reacts with water.

If efflorescence does occur, it can be removed with cleaners specially made for concrete pavers.

Careless or improper cleaning can result in damage and discoloration to the concrete paver surfaces. Contact your Belgard dealer or contractor for further information about appropriate, commercially available cleaners.

LIFETIME TRANSFERABLE
LIMITED WARRANTY

Oldcastle® APG, Inc. (“Belgard”) is proud to inform you that all of our interlocking concrete paver and retaining walls (“Products”) meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard® guarantees its Products against these standards for the lifetime of the Product defined by ICPI. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

This warranty is only valid if the material is installed under the guidelines of the ICPI (www.ICPI.org), The NCMA (www.ncma.org) or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job be installed by a Belgard Contractor Program participant who guarantees their workmanship for a minimum of 3 years from the date of install. For warranty service, contact Belgard at 1-877-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow for the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.
