TECHNICAL SPECS

- Interlocking spacer bars for increased structural performance
- Surface and micro-chamfer are ACA (Accessible Canada Regulation) compliant and minimize wheelchair vibration
- True installed dimensions for design optimization
- Optimal joint openings for infiltration and maintenance
- Can eliminate stormwater runoff and improve water quality
- Meets the requirements of ASTM C936
- Chamfer Width: 3 mm
- Spacer Bar Width: 10 mm
- Surface Infiltration Rate: > 500 inches per hour (varies based on joint infill gradation)
- Surface Open Area: 10%
- Can be installed mechanically with herringbone pallet layout

DuraFusion™ Technology

A bold, vibrant finish with a smoother, tighter texture.

QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at Belgard.com/Warranty

Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.

TECHNICAL SPECS

- Seven unique shapes create a random pattern
- Ideal for use as either the primary field, or as an accent or border
- Can be installed as either a standard or permeable system
- Permeable pavement installation requires site-specific engineering and proper base, bedding and joint aggregate material
- Techniseal polymeric jointing sand recommended for non-permeable applications
- Applications include walkways, patios, accents, borders and residential driveways

DuraFusion™ Technology

A bold, vibrant finish with a smoother, tighter texture.

TECHNICAL Specs

- True 3" increments for simplified design, quoting and ordering
- Compatible with all modular paver lines—look for Modular Sizing icon
- Modular dimensions reduce cuts, installation time, and waste
- Modular compatibility allows more creative pattern options
- Maximized pallet layout for jobsite efficiencies
- Large-format size ideal for contemporary walkways, patios and poolscapes
- Surface and micro-chamfer meet Canadian accessibility standards and help reduce wheelchair vibration

DuraFusion™ Technology

A bold, vibrant finish with a smoother, tighter texture

QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at Belgard.com/Warranty

Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.

TECHNICAL SPECS

- Incredibly high breakage loads, up to 3,000 pounds
- Can be cleaned with normal household cleaners and even pressure washed with a low pressure washing device.*
- High-density structure and ultra-low absorption rate provide a tight surface texture that fends off surface mold, moss, dirt and stains
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials
- Structured top textures create non-slip surfaces
- Freeze-thaw resistant—100% frost-free and properties remain unaltered at temperatures ranging from -51.1° to + 60° C (-60°F to +140°F)
- Suitable for ACA (Accessible Canada Regulation) compliant installations

* It is important that all pressure washing of your porcelain pavers be done with a low pressure washer with a maximum of 1600 psi and nothing more powerful. When pressure washing your installation, care should be taken to prevent damage to the grout (adhesive and grout installations) and some re-sanding will be necessary when power washing an installation with sand or polymeric sand joints.

GLOCAL

Concrete Finish | 20mm

TECHNICAL Specs

- Can be installed as a gravity wall or geogrid-reinforced wall
- Weighing only 54 lbs., this 1 square foot block maximizes installation and shipping efficiencies
- Front lug design produces a $\frac{1}{16}$ " per unit setback for a 4° system batter
- Cores align for easy filling
- Ideally situated for retaining walls less than 12 feet tall
- Can be used to build gravity walls up to 2' 6" high, including the buried course
- Minimum outside radius, measured on the top course to the front of the units: 6 feet

*Gravity wall heights are based on project specific conditions and may be lower than this value.

View the product page on Belgard.com for more information

TECHNICAL Specs

- Double-sided texture and two unique faces on the rise allow steps to be rotated for optimal aesthetics
- Smooth sides allow steps to be placed side by side for longer treads
- Granite-like texture on tread surface
- Even bottom and consistent size offer installation ease
- Palletized for easy removal by skid-steer loader
- Dry-cast production provides consistent colour throughout unit
- Riser faces are uniquely designed to nest together, creating an optional landing with a narrow joint

QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at Belgard.com/Warranty

Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.

WHY PROS CHOOSE BELGARD

QUALITY

Belgard pavers and walls are engineered for long-term performance and beauty to reduce call-backs. Every product is backed by a transferable limited lifetime warranty, giving your customers confidence in your work.

SERVICE

Belgard and the Oldcastle APG family of brands deliver national scale with local manufacturing, distribution and field support. With more than 150 locations, we help keep product available, projects on schedule and jobsites supplied.

EXPERTISE

For over 25 years, Belgard has led the hardscape category with proven installation standards and training. Our Belgard Authorized Contractors and certified installers are backed with technical support and resources from takeoff to final walkthrough.

INNOVATION

Belgard invests over 20,000 R&D hours each year to develop new hardscape systems, textures and installation solutions that help you work faster and build better spaces. Our products set performance standards and keep your offering ahead of trends.

DESIGN

Belgard design tools, pattern libraries and visualization resources help you show customers what's possible and sell more complete outdoor living projects. From simple patios to complex multi-level spaces, our portfolio supports your client's vision.

BUILD FOR LIFESTYLE

DESIGNS FOR EVERY BUDGET

Help homeowners choose the right outdoor design by uncovering priorities before showing products. Use these prompts to guide the discussion and simplify their decision-making.

Entertainment-Ready Retreat

BEST FOR:

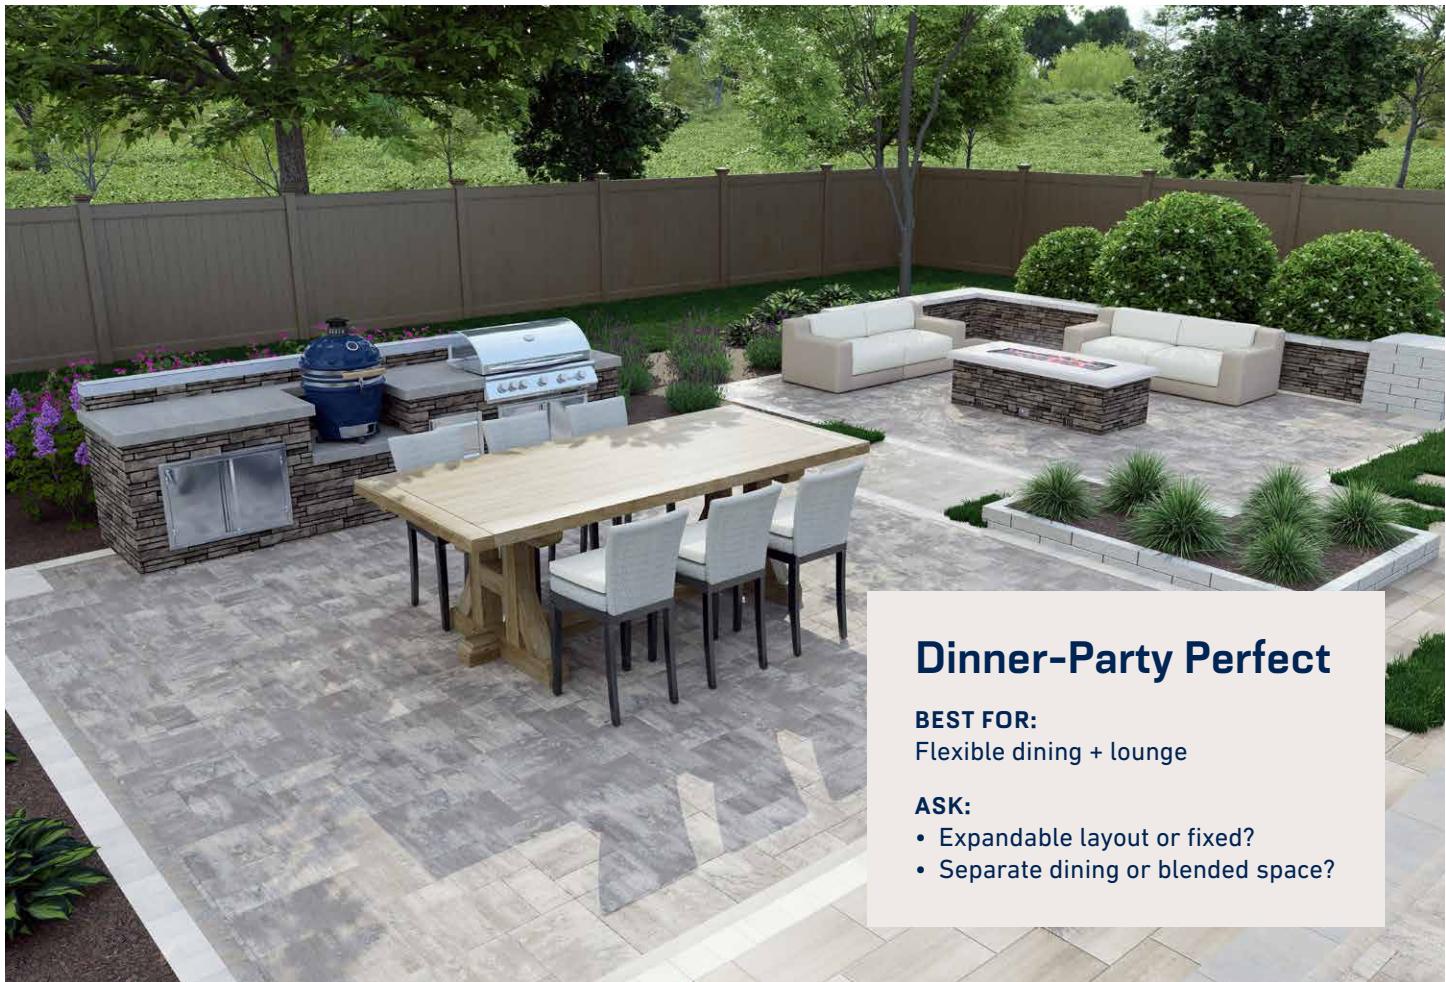

Big gatherings, outdoor cooking

ASK:

- Which feature is most important—fireplace, kitchen, or seating?
- Phase upgrades or build all at once?

Pro Tip

Position yourself as a long-term partner, not just a one-time installer. Offer seasonal maintenance and upgrade packages.

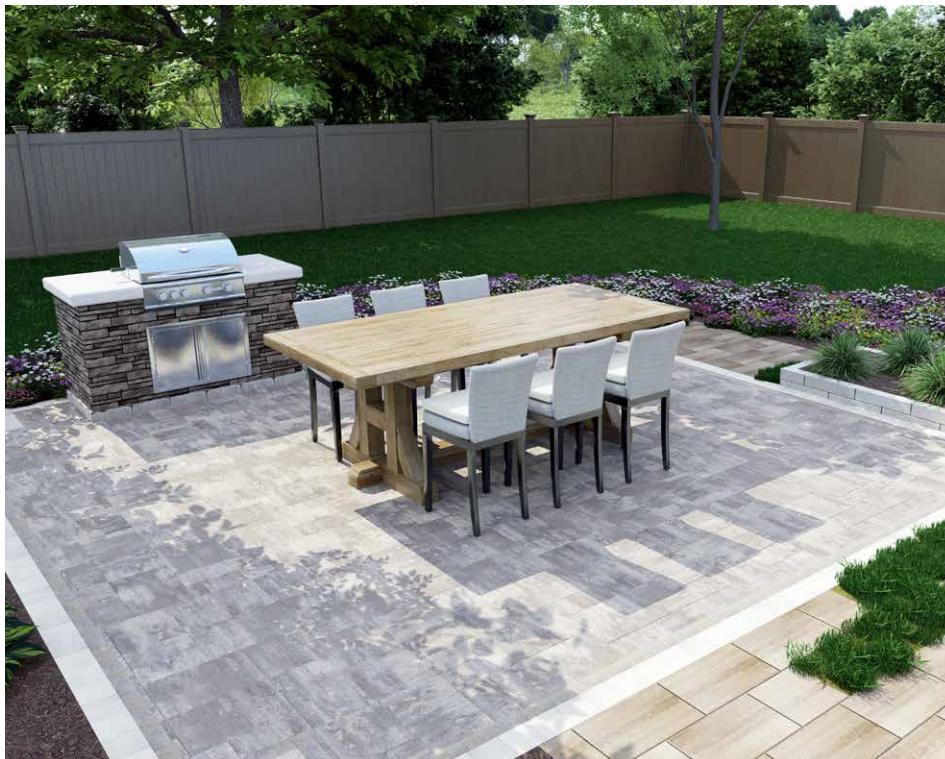

Dinner-Party Perfect

BEST FOR:

Flexible dining + lounge

ASK:

- Expandable layout or fixed?
- Separate dining or blended space?

The Simple Life

BEST FOR:

Budget-friendly, low maintenance

ASK:

- Speed or customization?
- Keep it simple or allow for growth?

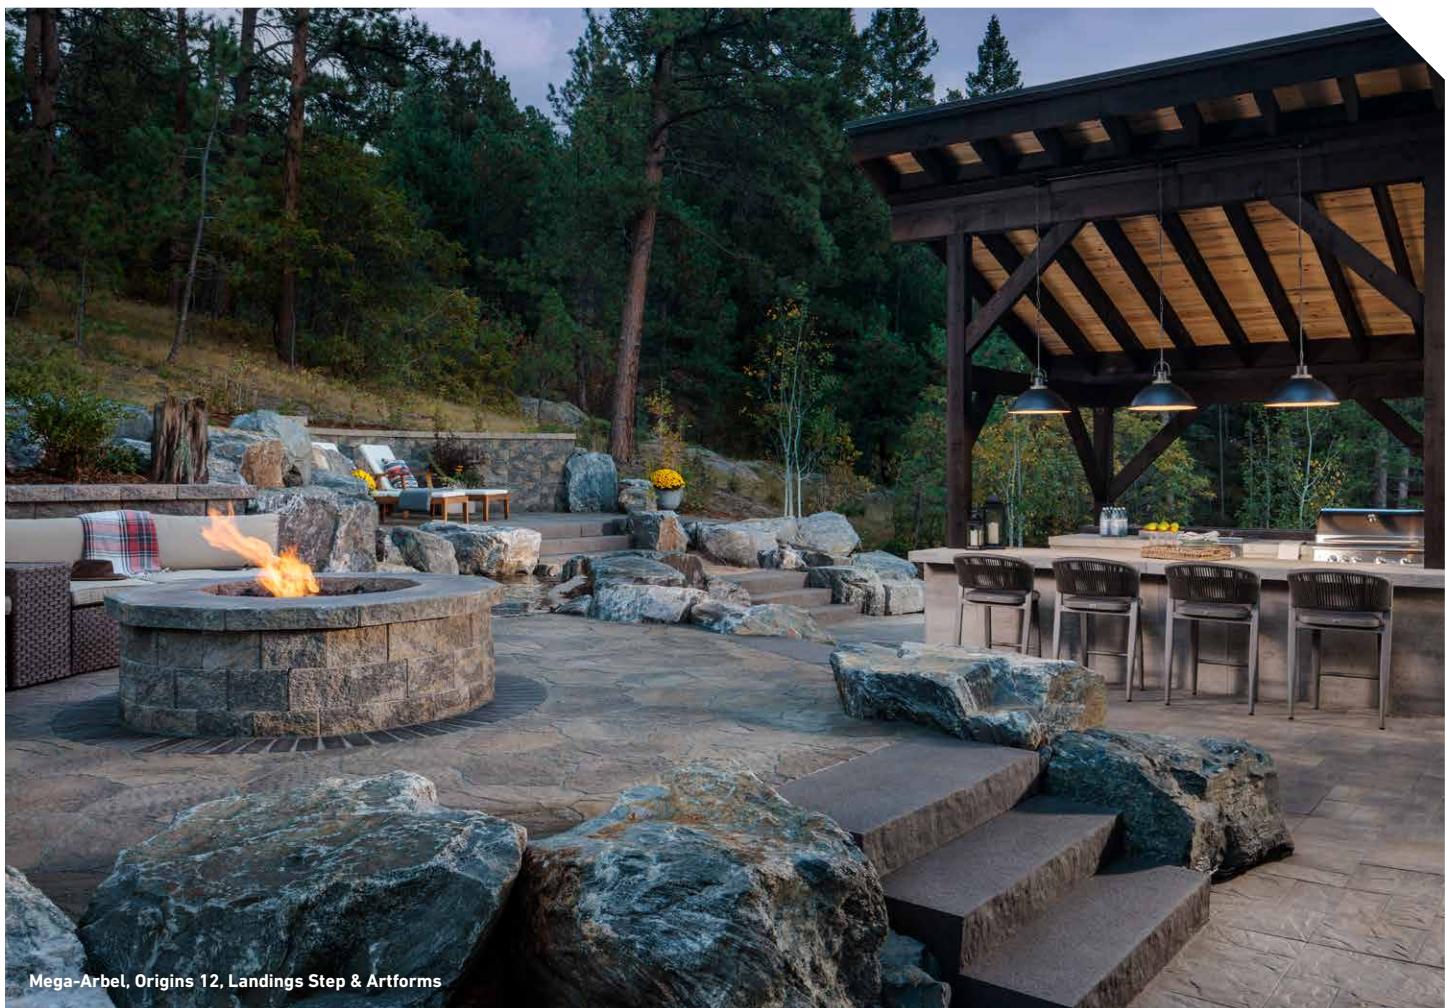

Pro Tip

Modular pavers save time on design and installation and make expansions simpler.

DESIGN FOR STYLE

FIND THEIR PERFECT OUTDOOR STYLE

Help homeowners choose a look that fits their lifestyle and home. They've defined how they'll use the space and set a budget—now guide them toward a style that feels right.

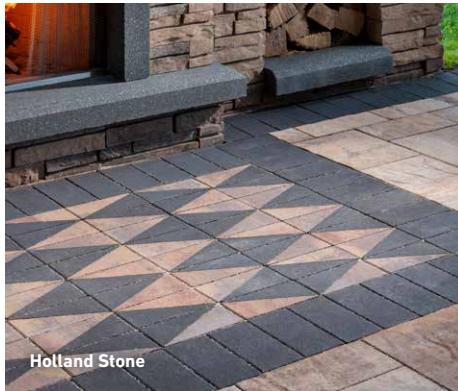

Mega-Arbel, Origins 12, Landings Step & Artforms

Rustic Retreat

Natural textures and earthy tones for a cozy, organic feel.

ASK:

- Do you want the space to feel relaxed and connected to nature?
- Would rugged stone or wood accents complement your home?

Holland Stone

Dimensions 12 & Belgian Cobble

Charlestone

Refined Tradition

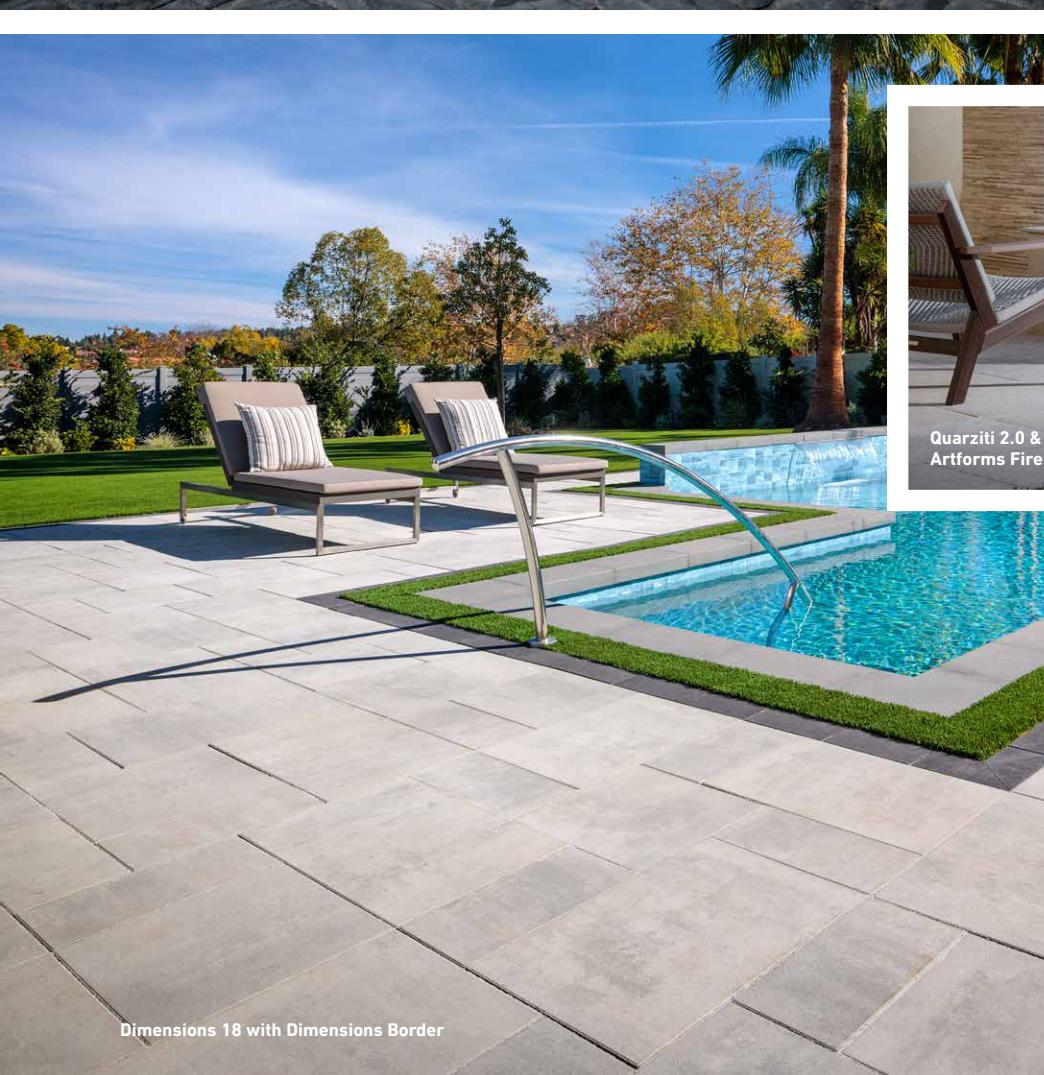

Classic patterns and rich tones for timeless elegance.

ASK:

- Do you prefer a formal, polished look?
- Are symmetry and pattern important to you?

Brooklyn, Weston Stone & Marina Coping

Dimensions 18 with Dimensions Border

Modern Minimalism

Clean lines and smooth textures for a sleek, contemporary vibe.

ASK:

- Do you want an open, uncluttered space?
- Would large-format pavers or neutral tones fit your vision?

THE ART OF DESIGN

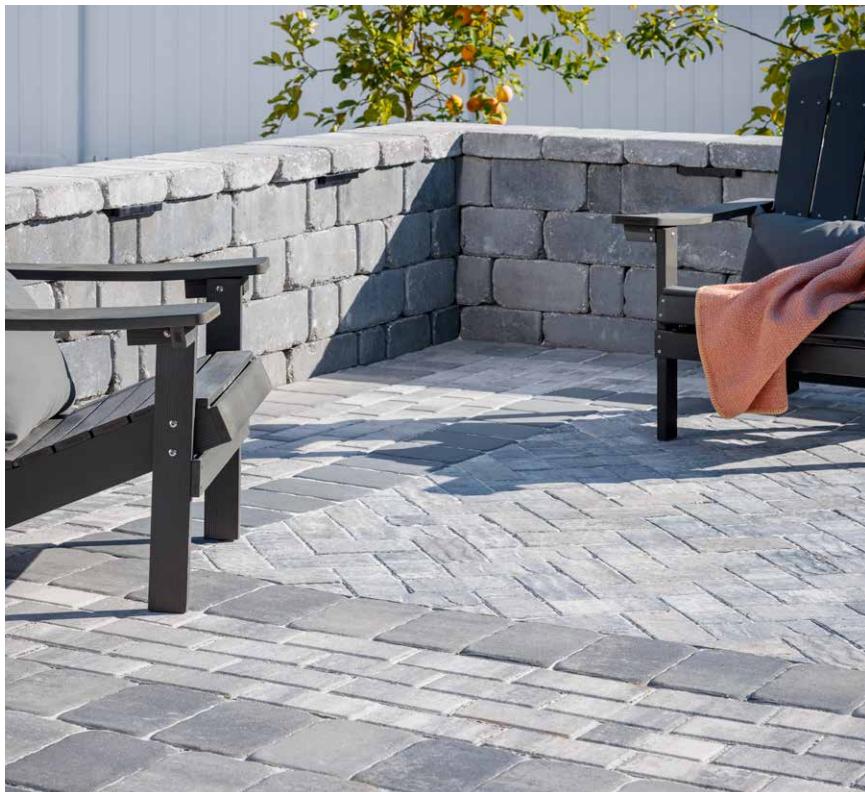

MAKE YOUR STATEMENT WITH COLOUR

You've defined the space and chosen a style—now let's pick colours that bring it all together. By guiding them through colour choices, you can elevate curb appeal and create designs that complement their home's style.

Solid Shades

Offer a clean, cohesive look that simplifies design decisions. Solid shades provide a timeless foundation, making landscaping and décor stand out effortlessly.

Monochromatic

Suggest a sleek, unified palette for homeowners who prefer understated elegance. Monochromatic designs highlight textures and patterns without overwhelming the space.

Contrasts

Encourage bold combinations for homeowners seeking visual interest. Contrasting colours define spaces, highlight features, and create a dynamic, eye-catching design.

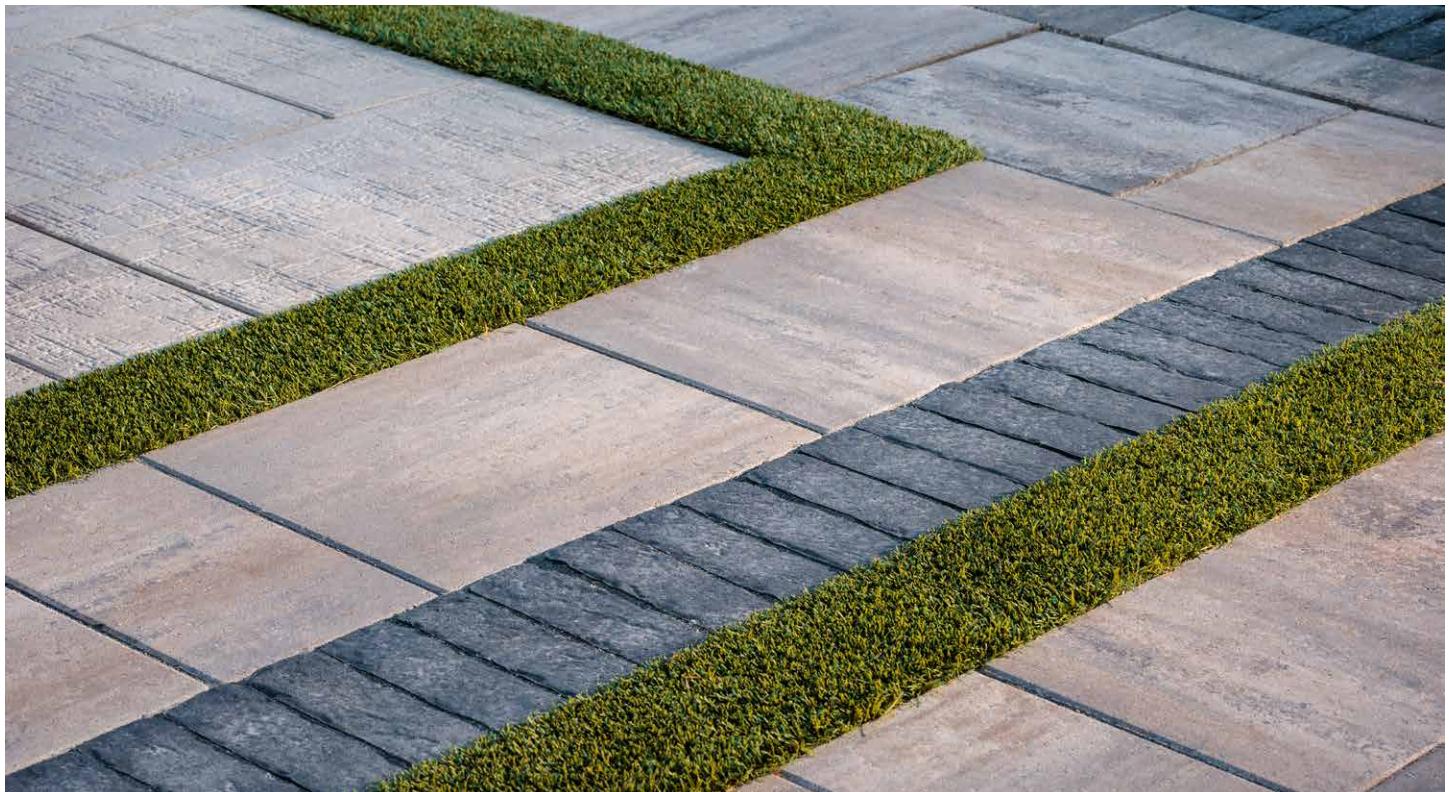

Cool Blends

Introduce refreshing, modern tones that bring a sense of calm to outdoor spaces. Cool blends work well for contemporary styles, adding subtle sophistication homeowners will love.

Warm Tones

Warm tones create inviting, comfortable environments. They pair perfectly with natural elements and greenery, giving outdoor living areas a grounded, welcoming feel.

Mix & Match

Show how mixing colours and textures can personalize a space. This approach allows homeowners to create unique transitions between areas and express their individual style.

UNLOCKING FLEXIBILITY & FLOW

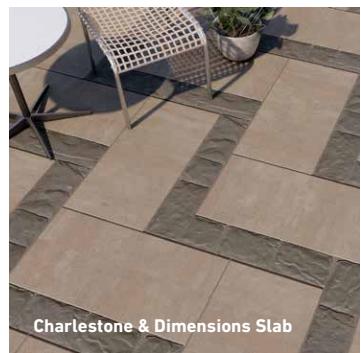

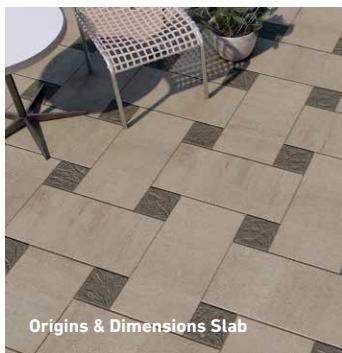

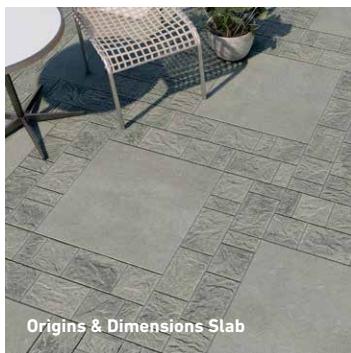

MODULAR SIZES. ENDLESS PATTERNS.

Show homeowners how size and layout choices transform the look and feel of their space—and how **modular** systems make it easy to customize now and expand later.

Design Smarter: Scale + Pattern That Sell

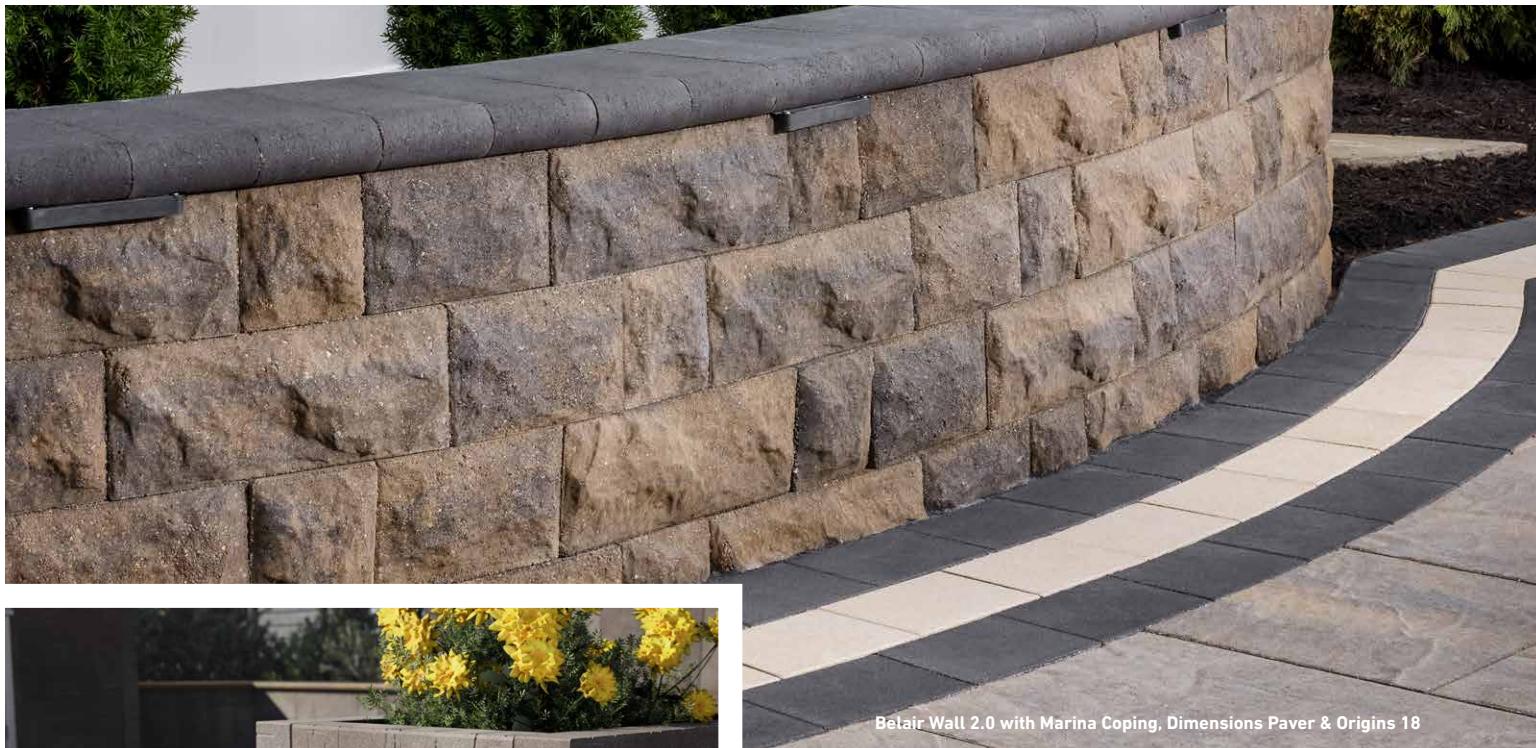

- **Size Sets the Tone:** Big slabs create a modern, open feel, smaller units add detail and intimacy.
- **Pattern Adds Personality:** Straight lines feel calm, angled layouts bring energy.
- **Infinite Possibilities:** Mix sizes and patterns for custom designs now—and easy expansion later.

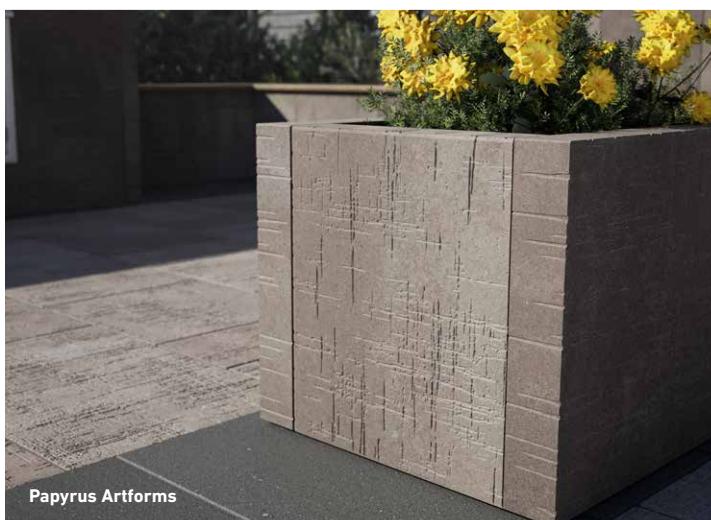

DESIGN YOU CAN FEEL

THE POWER OF TEXTURE

Texture is one of the most powerful tools in hardscape design, adding both personality and traction underfoot. Mix textures to balance interest, play with light and shadow, and create spaces that are both safe and inviting.

Belair Wall 2.0 with Marina Coping, Dimensions Paver & Origins 18

Papyrus Artforms

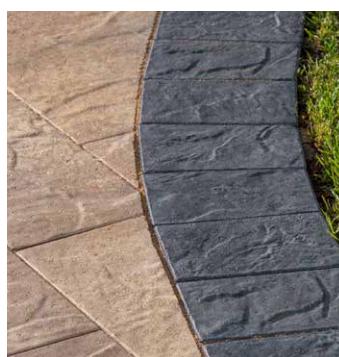

Layer in Vertical Texture

Consider pairing complementary textures across pavers and walls for a cohesive look, or contrast finishes to create visual depth and distinction between horizontal and vertical surfaces.

Smooth

Slate / Textured

Tumbled / Antiqued

Artisan

STRUCTURE & STYLE

WALLS THAT DEFINE SPACES

Walls do more than hold back soil—they shape how homeowners live outdoors. By creating boundaries, levels, and zones, walls turn ordinary yards into organized, functional, and inviting spaces.

Freestanding Walls

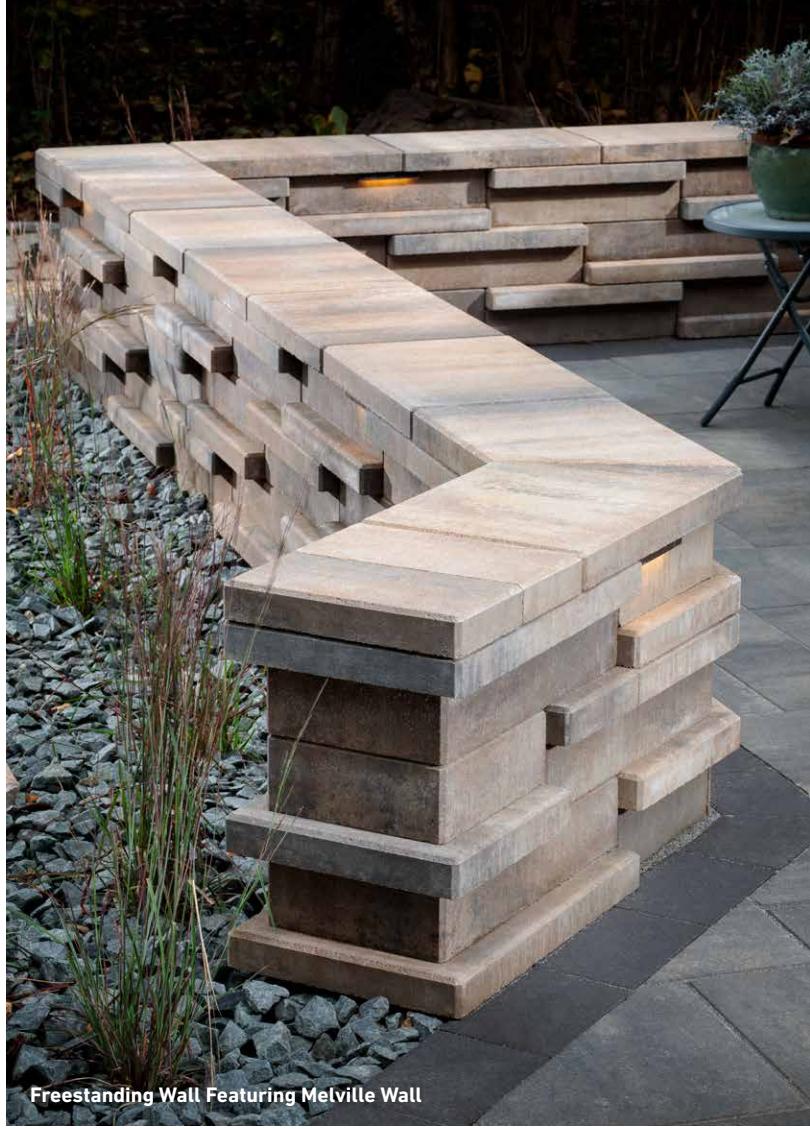

DEFINE ZONES. CREATE FLOW.

Carve out distinct areas for dining, lounging, or entertaining, turning open yards into organized, livable spaces.

Garden Walls

FRAME BEDS. POLISH LANDSCAPES.

Add structure to flower beds and planters for a clean, polished look that makes maintenance easier and landscaping more enjoyable.

Freestanding Wall Featuring Melville Wall

Freestanding / Retaining Wall Combo
Featuring Ashlar Tandem

Retaining Walls

TURN SLOPES INTO SPACES.

Transform steep grades into usable terraces for patios, gardens, or driveways, unlocking functional square footage.

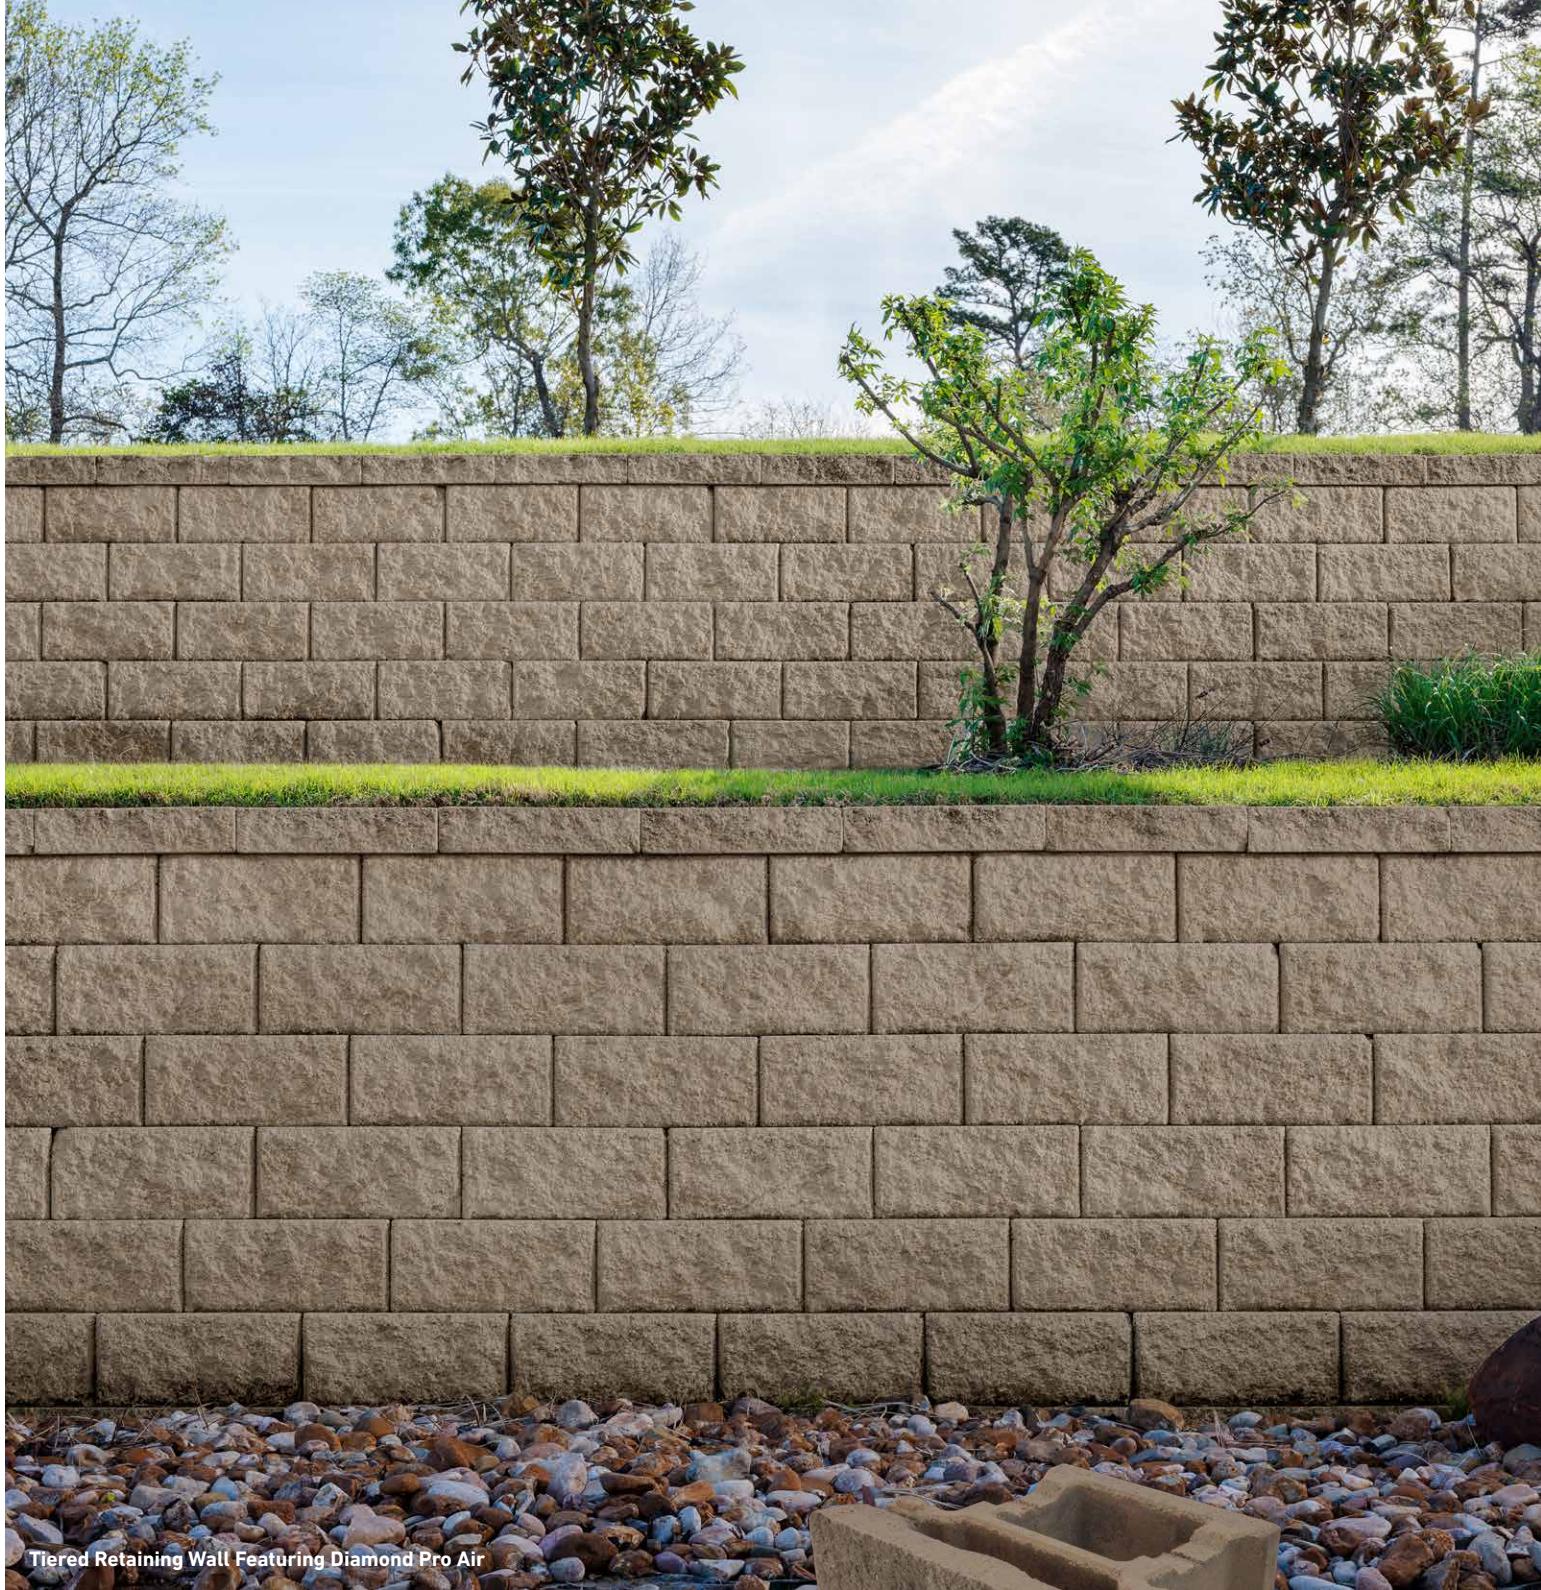

Tiered Walls

LAYERED DESIGN. MAXIMUM USE.

Add depth, dimension and versatility with multilevel spaces that include plantings, seating and transitions.

Plan with Purpose

Before choosing a wall product, consider what it needs to do—hold back soil, create levels, or simply add style. Function determines the right design.

Tiered Retaining Wall Featuring Diamond Pro Air

Smart Strength for Every Landscape

DIAMOND PRO® AIR

Engineered for performance and designed for elegance, Diamond Pro Air walls offer multiple textures and colours to fit any style. Lightweight, easy-to-handle blocks speed up installation, saving time and labor, and maximize usable space without compromising durability.

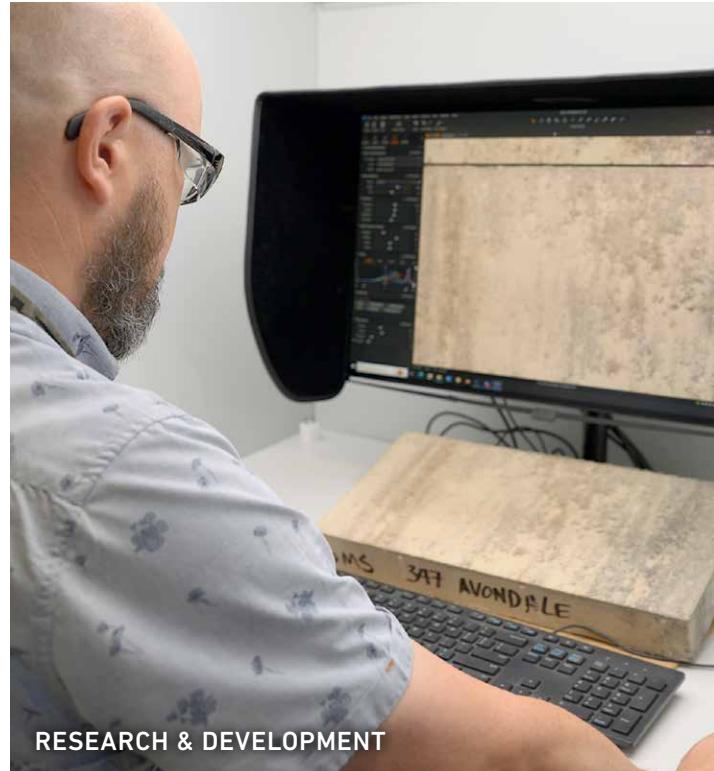

Retaining walls over 4 feet in height should be designed by a qualified engineer.

HOW IT'S MADE

CRAFTSMANSHIP BACKED BY INNOVATION

QUALITY FOR LIFE

Belgard has taken the artistry of handcrafted stone to a higher level. Through research and innovation, we've developed a deep understanding of how to make modern, best-in-class hardscape products that fit the lifestyle of today's homeowners and commercial developments, while still honoring the artisans of old.

RESEARCH & DEVELOPMENT

INTENTIONAL AT EVERY STEP

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. Whether our teams are designing a new surface texture, validating a colour formula, or inspecting finished product for defects, we demand the highest quality from each of our facilities across North America. We believe in creating world-class building products that stand the test of time.

OLDCASTLE

A photograph of three construction workers in a forest setting. Two workers are in the foreground, wearing blue shirts, jeans, and caps, focused on laying grey pavers on a gravel base. A third worker is partially visible on the left. The background is filled with dense green trees.

PROJECT EASIER AND EVERY
RESULT EXCEPTIONAL

EXPLORE THE 2026 COLOUR OFFERINGS

With so many shades, hues and variations, we've made it easy to create the exact aesthetic and personality to fit each vision.

*Available in Pavers Only **Available in Walls Only

Solid Colours

Products with a consistent colour tone throughout are primarily used for design accents or to create a neutral backdrop.

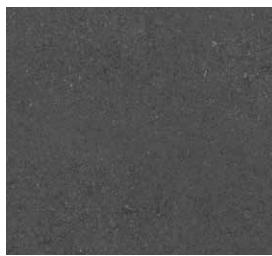

GREY

NATURAL

ROSEWOOD*

CHARCOAL

MIDNIGHT

Tone-on-Tone Colours

Subtle shifts in shade and tone within the same colour family are often used to create a contemporary look.

ANTHRACITE

SEPIA

HICKORY

SHADED GREY

SCANDINA GREY

SHADOW

Due to the natural materials in our products, colours may vary from those shown in our catalog. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.

Blended Colours

Blends of three or more complementary or contrasting Colours create a more dramatic look.

GRANITE*

NEWPORT GREY*

TEAK

CHESWICK

GO BEYOND COLOUR

Discover how colour is just the beginning. Explore Belgard.com for endless inspiration and complete your outdoor living vision with local products.

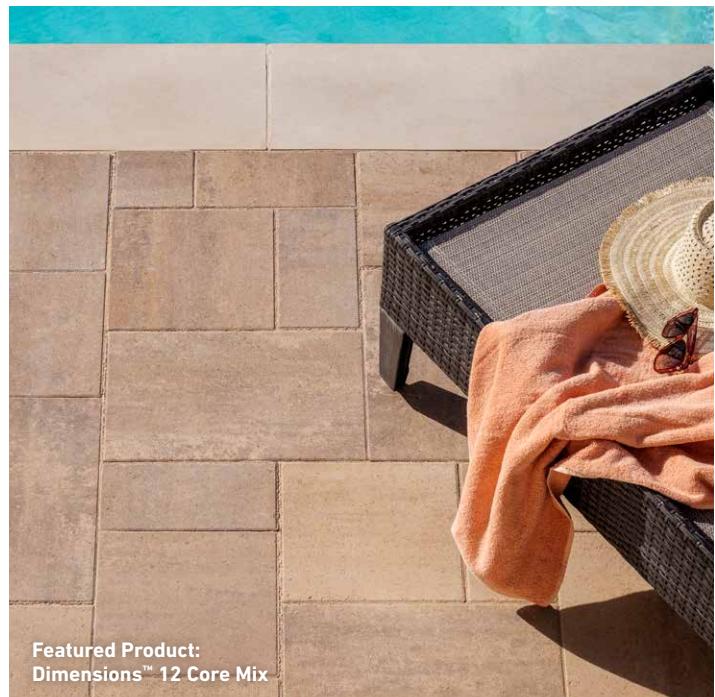

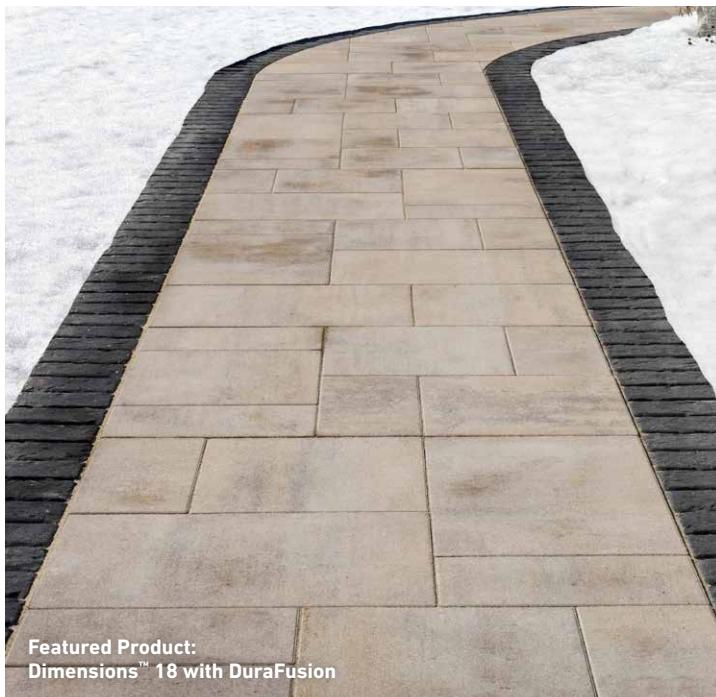

PAVER TECHNOLOGY GUIDE

OPTIONS THAT PERFORM FOR EVERY LIFESTYLE

Choose textures and tones for the desired look, with performance engineered for how the space will be used. No matter the climate or site conditions, the right paver technology stands up to everyday life and delivers lasting style.

The Right Paver Technology for the Right Project, Every Time.

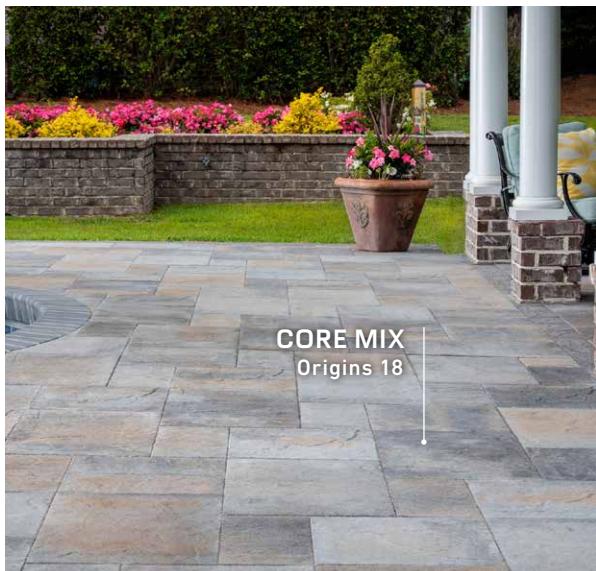

Core Mix

A staple in outdoor patio design, offering consistent colour through the whole paver to minimize wear.

 **DuraFusion™**

Ideal for design-forward projects and regions with harsh or unpredictable winter weather.

PROTECT THEIR INVESTMENT

MAINTENANCE & PROTECTION

For 40 years, Techniseal® products have been trusted by residential and commercial hardscape installers. As a one-stop shop, Belgard offers Techniseal sealers, adhesives and edging to achieve long-lasting results.

REMOVE STAINS

Tackle tough surface stains with specially formulated stain removers.

Rust stain
remover

Dirt & grease
stain remover

ELIMINATE EFFLORESCENCE

Maintain and restore the beauty of your hardscape surfaces.

Paver restorer
removes haze
created by some
polymeric sands

Paver Prep dislodges
efflorescence and
ground-in dirt

PREVENT WEEDS & EROSION

Enhance aesthetics, durability and stability of paver projects.

The smart choice
for everyday
installations

High-performance,
the only real
no-haze, no-dust
alternative

Maintenance Tip

Allow pavers to cure prior to sealant application. Discuss with your representative, as cure time varies by climate. Maintain the long-term beauty of pavers by cleaning and resealing every 3 to 5 years.

STAIN RESISTANCE

Protect pavers or enhance colour with top quality sealers.

Natural look with matte finish, preserves the natural beauty of pavers

Colour Boost CB+ matte finish, enhances the colour of pavers

ENHANCE STABILITY

NextGel™ technology ensures stability of patios and walkways.

Fortified hardscape concrete edging

SUPERIOR STRENGTH

Bond construction materials 50% faster (8-minute bond time).

Hardscape foam adhesive
