## LIFETIME TRANSFERABLE LIMITED WARRANTY

### TRANSFERRABLE WARRANTY

### TIMELY INVESTIGATIONS

### REPLACEMENT OF DEFECTIVE PRODUCT AT NO CHARGE

Oldcastle APG ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard guarantees its Products against these standards for the lifetime of the Product defined by CMHA. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

This warranty is only valid if the material is installed under the guidelines of the CMHA or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job is installed by a Belgard Contractor Program participant who guarantees their workmanship for a minimum of 3 years from the date of install. For warranty service, contact Belgard at 1-877-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard product fails to meet the specifications, Belgard will replace the defective product at no charge. Colour matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow for the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

The warranties in this limited warranty are the only warranties applicable to the veneer products. There are no other warranties, representations, or conditions of any kind, express or implied, statutory or otherwise, with respect to the interlocking concrete paver or retaining wall products supplied by manufacturer, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose. All such warranties are hereby specifically disclaimed and manufacturer shall have no liability therefor, notwithstanding (1) manufacturer's actual knowledge of any intended use of the interlocking concrete paver or retaining wall products or (2) any advice or representations that may have been rendered by manufacturer concerning the design, manufacture, fabrication, sale, use, installation or provision of the interlocking concrete paver or retaining wall products. No statement, product, or description by manufacturer or its employees or other representatives, in addition to or beyond this limited warranty shall constitute a warranty. Buyer agrees that its sole and exclusive remedies for breach of this limited warranty, and the sole and exclusive obligations of manufacturer with respect to any claims for breach of this limited warranty, shall be those remedies expressly set forth herein.

ENVIRONMENTAL COLLECTION

# AQUALINE™

PERMEABLE PAVER | 80MM

An environmentally friendly choice with a smooth surface and crisp clean lines for stunning contemporary and traditional designs.

MIDNIGHT 

NATURAL 

SHADED GREY 

All Colours Are Special Order

Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.ca/Warranty](https://belgard.ca/Warranty)

## FEATURES & BENEFITS

- Interlocking spacer bars for increased structural performance
- Smooth surface with a microchamfer to minimize vibration and enhance wheelchair comfort
- Can be utilized to construct an ADA-compliant pavement
- True installed dimensions for design optimization
- Optimal joint openings for infiltration and maintenance
- Can eliminate stormwater runoff and improve water quality
- Meets the requirements of ASTM C936
- Chamfer Width: 3 mm
- Spacer Bar Width: 10 mm
- Surface Infiltration Rate: > 500 inches per hour (varies based on joint infill gradation)
- Surface Open Area: 12%
- Can be installed mechanically with a herringbone pallet layout

**DURAFUSION™ TECHNOLOGY**  
Refined texture with enhanced wear-resistance

HERITAGE COLLECTION

# BELGIAN COBBLE®

PAVER | 60MM

Emulating the look of creek stones, this seven-piece paver system is enriched with DuraFusion Technology for enhanced texture and wear-resistance and ideal for creating random patterns.

MIDNIGHT 

SCANDINA GREY 

*Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.ca/Warranty](https://belgard.ca/Warranty)

## FEATURES & BENEFITS

- Seven unique shapes create a random pattern
- Can also be used for accents or borders
- Can be installed as either a standard or permeable system
- Larger joints allow for permeable pavement installation with site-specific engineering and proper base, bedding and joint aggregate material
- The use of Techniseal's polymeric jointing sand is recommended for non-permeable applications

ENVIRONMENTAL COLLECTION

# TURFSTONE™

GRID PAVER | 80MM

An open lattice grid design offers turf or gravel infill, creating a unique hardscape design that works in harmony with nature.

GREY

*Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.*

DRIVEWAY  
APPROVED

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Beldgard.ca/Warranty](https://Belgard.ca/Warranty)

## FEATURES & BENEFITS

- Manufactured in accordance with ASTM C1319
- Open lattice grid design for turf infill
- 40% surface opening with void space for creating a grass pavement
- Applications include driveways, parking stalls, ramps, service and emergency access lanes

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.ca/Warranty](https://belgard.ca/Warranty)

## FEATURES & BENEFITS

- Contemporary smooth face and clean lines
- Designed to be diagonally symmetrical so the pavers always fit together – regardless of how they are rotated.
- 4 sizes allow for modularity and virtually limitless design options
- Manufactured to CSA A231.2 specification
- Concrete strength: 8000 PSI (55 MPA)
- Absorption: Shall not exceed 5%
- Can be utilized to construct an ACA (Accessible Canada Regulation) compliant pavement

*Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Beldgard.ca/Warranty](https://Belgard.ca/Warranty)

## FEATURES & BENEFITS

- Minimalist appeal of refined concrete
- Incredibly high breakage loads, up to 3,000 pounds
- Modular for faster installation,
- Can be cleaned with normal household cleaners and even pressure washed with a low pressure washing device.\*
- High density and ultra-low absorption rate creates a tight surface texture and fend off surface mold, moss, dirt and other types of stains
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials
- Structured top textures create non-slip surfaces
- Freeze thaw resistant—100% frost-free and properties remain unaltered at temperatures ranging from -51.1° to +60° C (-60°F to +140°F)

*\* It is important that all pressure washing of your porcelain pavers be done with a low pressure washer with a maximum of 1600 psi and nothing more powerful. When pressure washing your installation, care should be taken to prevent damage to the grout (adhesive and grout installations) and some re-sanding will be necessary when power washing an installation with sand or polymeric sand joints.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.ca/Warranty](https://belgard.ca/Warranty)

## FEATURES & BENEFITS

- Contemporary smooth face and linear design
- Build curved or straight walls
- Offered in 3 sizes to allow for design versatility and customization
- Minimum outside radius of 6'
- Freestanding walls up to 28"
- Engineered 90° corners
- Gravity walls up to 3 feet\* using a ½ inch setback per unit (4 degree system batter)
- Reinforced walls up to 8 feet

\*Gravity wall heights are based on project specific conditions and may be lower than this value.

**DURAFUSION™ TECHNOLOGY**  
Refined texture with enhanced wear-resistance

## FEATURES & BENEFITS

- Mimics the look of split-face cut stone
- Build retaining walls with easy pin alignment and side view for placement visualization
- Block channels make easy pin alignment for battered or freestanding retaining walls
- Score marks for splitting block to make a two-sided freestanding wall unit
- Center score mark provides guide for splitting to make corner or column units
- Hand holds allow for easier handling during installation
- Maximum gravity retaining wall height is 4 ft\*
- Retaining wall minimum inside radius, measured on the base course to the front of the units: 6 ft
- Retaining wall minimum outside radius, measured on the top course to the front of the units: 4 ft
- Maximum freestanding wall (FSW) height is 3 ft\*
- Freestanding wall minimum radius 4 ft
- Maximum column height is 4 ft\*
- Segmental retaining wall setback/system batter 10.60

*Gravity wall heights are based on project specific conditions and may be lower than this value.*

# MELVILLE™ SERIES

## GRILL ISLAND & FIRE FEATURES

Stunning linear design features a smooth face and subtle edges to deliver a sleek, contemporary style. Components work together to provide a cohesive finished look.

SCANDINA GREY / MIDNIGHT

*Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.ca/Warranty](https://Belgard.ca/Warranty)
