## LIFETIME TRANSFERABLE LIMITED WARRANTY

### TRANSFERRABLE WARRANTY

### TIMELY INVESTIGATIONS

### REPLACEMENT OF DEFECTIVE PRODUCT AT NO CHARGE

Oldcastle APG ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard guarantees its Products against these standards for the lifetime of the Product defined by CMHA. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

This warranty is only valid if the material is installed under the guidelines of the CMHA or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job is installed by a Belgard Contractor Program participant who guarantees their workmanship for a minimum of 3 years from the date of install. For warranty service, contact Belgard at 1-877-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow for the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

The warranties in this limited warranty are the only warranties applicable to the veneer products. There are no other warranties, representations, or conditions of any kind, express or implied, statutory or otherwise, with respect to the interlocking concrete paver or retaining wall products supplied by manufacturer, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose. All such warranties are hereby specifically disclaimed and manufacturer shall have no liability therefor, notwithstanding (1) manufacturer's actual knowledge of any intended use of the interlocking concrete paver or retaining wall products or (2) any advice or representations that may have been rendered by manufacturer concerning the design, manufacture, fabrication, sale, use, installation or provision of the interlocking concrete paver or retaining wall products. No statement, product, or description by manufacturer or its employees or other representatives, in addition to or beyond this limited warranty shall constitute a warranty. Buyer agrees that its sole and exclusive remedies for breach of this limited warranty, and the sole and exclusive obligations of manufacturer with respect to any claims for breach of this limited warranty, shall be those remedies expressly set forth herein.

HERITAGE COLLECTION

# APPIAN-STONE®

PAVER | 30MM | 60MM | 80MM

Inspired by the scenic landscapes and historic roadways of the Europe, these pavers provide the old-world look of weathered cobbled stone.

# BELGIAN COBBLE®

PAVER | 70MM

Emulating the look of stones found lining a mountain creek bed, this multi-piece system has seven unique shapes for creating random patterns and picturesque settings.

SLATE

*Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Beldgard.com/Warranty](https://Belgard.com/Warranty)

## FEATURES & BENEFITS

- Seven unique shapes create a random pattern
- Can also be used for accents or borders
- Can be installed as either a standard or permeable system
- Larger joints allow for permeable pavement installation with site-specific engineering and proper base, bedding and joint aggregate material
- The use of Techniseal's polymeric jointing sand is recommended for non-permeable applications
- Create unique freeform curvilinear or serpentine designs

PORCELAIN COLLECTION

# FOUNDATION™

CONCRETE FINISH | 20MM

These pavers exude timeless sophistication and a uniform look achieved by a smooth, refined surface texture, polished concrete appearance, and neutral color tones.

AMBER BEIGE

SCANDINA GRAY

*Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Beldgard.com/Warranty](https://Belgard.com/Warranty)

## FEATURES & BENEFITS

- Elegant polished concrete texture
- Incredibly high breakage loads, up to 3,000 pounds.
- Modular for faster installation.
- Can be cleaned with normal household cleaners and even pressure washed with a low pressure washing device.\*
- High density and ultra-low absorption rate creates a tight surface texture and fends off surface mold, moss, dirt and other types of stains.
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials.
- Structured top textures create non-slip surfaces.
- Freeze thaw resistant—100% frost-free and properties remain unaltered at temperatures ranging from -51.1° to + 60° C (-60°F to +140°F).

*\* It is important that all pressure washing of your porcelain pavers be done with a low pressure washer with a maximum of 1600 psi and nothing more powerful. When pressure washing your installation, care should be taken to prevent damage to the grout (adhesive and grout installations) and some re-sanding will be necessary when power washing an installation with sand or polymeric sand joints.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://belgard.com/Warranty)

## FEATURES & BENEFITS

- Characteristics of stone and cement combine for a simple, minimalist look with elegance
- Available in 4 versatile colors with choice of controlled shade variation (< 15 graphics, V2 variation)
- Efficient 24" x 24" size for cost savings
- Color-body, rectified porcelain is made in Italy
- Can be cleaned with normal household cleaners and even pressure washed with a low pressure washing device\*
- High density and ultra-low absorption rate creates a tight surface texture and fends off surface mold, moss, dirt and other types of stains
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials
- Structured top textures create non-slip surfaces
- Freeze thaw resistant—100% frost-free and properties remain unaltered at temperatures ranging from -51.1° to + 60° C (-60°F to +140°F)

*\* It is important that all pressure washing of your porcelain pavers be done with a low pressure washer with a maximum of 1600 psi and nothing more powerful. When pressure washing your installation, care should be taken to prevent damage to the grout (adhesive and grout installations) and some re-sanding will be necessary when power washing an installation with sand or polymeric sand joints.*

## FEATURES & BENEFITS

- Contemporary smooth face and clean lines in a large lightweight block
- Can be installed as a gravity wall or geogrid-reinforced wall.
- Weighing only 54 lbs., this 1 square foot block maximizes installation and shipping efficiencies
- Front lug design produces a 9/16" per unit setback for a 4° system batter
- Cores align for easy filling
- Top course is placed upside down in order to increase capping efficiency
- Ideally situated for retaining walls up to 12 feet tall
- Can be used to build gravity walls up to 3' 4" high\*, including the buried course
- Minimum outside radius, measured on the top course to the front of the units: 4 feet
- Minimum inside radius, measured on the base course to the front of the units: 6 feet

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://www.belgard.com/Warranty)

## FEATURES & BENEFITS

- Contemporary smooth linear design that coordinates with Melville™ Wall and Melville™ Tandem Wall
- Pre-assembled modular features are each packaged as one unit that can be installed in hours versus days
- Units include fork slot configurations for easy transport and installation
- Fireplaces can be retro-fitted for gas burning log sets and burners
- Grill islands include stainless steel grill and door set — specify propane or natural gas when ordering

*PLEASE NOTE: Be sure to check with your local municipality for any codes that may affect your installation.*
