## LIFETIME TRANSFERABLE LIMITED WARRANTY

### TRANSFERRABLE WARRANTY

### TIMELY INVESTIGATIONS

### REPLACEMENT OF DEFECTIVE PRODUCT AT NO CHARGE

Oldcastle APG ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard guarantees its Products against these standards for the lifetime of the Product defined by CMHA. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

This warranty is only valid if the material is installed under the guidelines of the CMHA or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job is installed by a Belgard Contractor Program participant who guarantees their workmanship for a minimum of 3 years from the date of install. For warranty service, contact Belgard at 1-877-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow for the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

The warranties in this limited warranty are the only warranties applicable to the veneer products. There are no other warranties, representations, or conditions of any kind, express or implied, statutory or otherwise, with respect to the interlocking concrete paver or retaining wall products supplied by manufacturer, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose. All such warranties are hereby specifically disclaimed and manufacturer shall have no liability therefor, notwithstanding (1) manufacturer's actual knowledge of any intended use of the interlocking concrete paver or retaining wall products or (2) any advice or representations that may have been rendered by manufacturer concerning the design, manufacture, fabrication, sale, use, installation or provision of the interlocking concrete paver or retaining wall products. No statement, product, or description by manufacturer or its employees or other representatives, in addition to or beyond this limited warranty shall constitute a warranty. Buyer agrees that its sole and exclusive remedies for breach of this limited warranty, and the sole and exclusive obligations of manufacturer with respect to any claims for breach of this limited warranty, shall be those remedies expressly set forth herein.

ENVIRONMENTAL COLLECTION

# AQUALINE™

PERMEABLE PAVER | 80MM

An environmentally friendly choice with a smooth surface and crisp clean lines for traditional and contemporary designs. Versatile pattern range provides ultimate design flexibility.

COTSWOLD MIST

GRAPHITE

*Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Beldgard.com/Warranty](https://Belgard.com/Warranty)

## FEATURES & BENEFITS

- Interlocking spacer bars for increased structural performance
- Smooth surface with a microchamfer to minimize vibration and enhance wheelchair comfort
- Can be utilized to construct an ADA-compliant pavement
- True installed dimensions for design optimization
- Optimal joint openings for infiltration and maintenance
- Can eliminate stormwater runoff and improve water quality
- Meets the requirements of ASTM C936
- Chamfer Width: 3 mm
- Spacer Bar Width: 10 mm
- Surface Infiltration Rate: > 500 inches per hour (varies based on joint infill gradation)
- Surface Open Area: 12%

HERITAGE COLLECTION

# BELGIAN COBBLE®

PAVER | 60MM

Emulating the look of stones found lining a mountain creek bed, this multi-piece system has seven unique shapes for creating random patterns and picturesque settings.

MIDNIGHT

MOONLIGHT

*Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://Belgard.com/Warranty)

## FEATURES & BENEFITS

- Seven unique shapes create a random pattern
- Can be installed as either a standard or permeable pavement system
- Larger joints between pavers allow permeable installation with sitespecific engineering and proper base, bedding and joint aggregate material
- The use of Techniseal's polymeric jointing sand is recommended for non-permeable applications
- Can also be used for accents or borders

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://www.belgard.com/Warranty)

## FEATURES & BENEFITS

- Can be installed on a traditional sand or gravel base or on a pedestal system for rooftop applications
- Incredibly high breakage loads, up to 3,000 pounds
- Modular for faster installation,
- Can be cleaned with normal household cleaners and even pressure washed with a low pressure washing device.\*
- High density and ultra-low absorption rate creates a tight surface texture and fends off surface mold, moss, dirt and other types of stains
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials
- Structured top textures create non-slip surfaces
- Freeze thaw resistant—100% frost-free and properties remain unaltered at temperatures ranging from -51.1° to +60° C (-60°F to +140°F)

*\* It is important that all pressure washing of your porcelain pavers be done with a low pressure washer with a maximum of 1600 psi and nothing more powerful. When pressure washing your installation, care should be taken to prevent damage to the grout (adhesive and grout installations) and some re-sanding will be necessary when power washing an installation with sand or polymeric sand joints.*

- Can be cleaned with normal household cleaners and even pressure washed with a low pressure washing device.\*
- High density and ultra-low absorption rate creates a tight surface texture and fends off surface mold, moss, dirt and other types of stains
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials
- Structured top textures create non-slip surfaces
- Freeze thaw resistant—100% frost-free and properties remain unaltered at temperatures ranging from -51.1° to + 60° C (-60°F to +140°F)

*\* It is important that all pressure washing of your porcelain pavers be done with a low pressure washer with a maximum of 1600 psi and nothing more powerful. When pressure washing your installation, care should be taken to prevent damage to the grout (adhesive and grout installations) and some re-sanding will be necessary when power washing an installation with sand or polymeric sand joints.*

PORCELAIN COLLECTION

# UNICO 2.0

COPING | 20MM

Enhance outdoor spaces with the refined look of this premium coping featuring polished round edges for pools, garden walls and steps in styles to complement a variety of porcelain paver lines.

Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://belgard.com/Warranty)

## FEATURES & BENEFITS

- Porcelain coping features a sleek polished round edge
- Featuring authentic looks in natural stone, cement, and wood to coordinate with various porcelain paver lines
- Use for steps or as coping for swimming pools
- High density and ultra-low absorption rate creates a tight surface texture and fends off surface mold, moss, dirt and other types of stains
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials
- Structured top textures create non-slip surfaces
- Freeze thaw resistant—100% frost-free and properties remain unaltered at temperatures ranging from -51.1° to +60° C (-60°F to +140°F)

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://www.belgard.com/Warranty)

## FEATURES & BENEFITS

- Split-stone face in a large-format block
- Rear-lip locator
- Large cores for ease in handling
- Matching corner and cap for a seamless appearance
- Gravity walls can be built up to 4 ft high\*, including buried course with a 7.1° batter
- Walls in excess of 50 ft high have been built with Diamond Pro when combined with geosynthetic reinforcement
- Minimum outside radius, measured from the top course to the front of the units: 4 ft
- Minimum inside radius, measured on the base course to the front of the units: 6 ft

\*Gravity wall heights are based on project specific conditions and may be lower than this value.

HERITAGE COLLECTION

# GRANIKA STEP<sup>®</sup> XL

## STEP UNIT

The beauty of natural granite features a quarried face on the step tread and smooth sides, which allows side-by-side placement for longer treads. Double-sided texture on the rise allows rotation for optimal aesthetics.

ASHBURY HAZE

COTSWOLD MIST

*Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.*

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://www.belgard.com/Warranty)

## FEATURES & BENEFITS

- Double-sided texture and two unique faces on the rise allow steps to be rotated for optimal aesthetics
- Smooth sides allow steps to be placed side by side for longer treads
- Granite-like texture on tread surface
- Even bottom and consistent size offer installation ease
- Palletized for easy removal by skid-steer loader
- Dry-cast production provides consistent color throughout unit
- Riser faces are uniquely designed to nest together, creating an optional landing with a narrow joint

We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://www.belgard.com/Warranty)

## FEATURES & BENEFITS

- Rounded edges protect feet and hands when getting out of a pool or going up and down steps.
- Offers a stylish finishing touch to blend seamlessly with patios.
- Helps pool or spa hold its shape by keeping walls straight and rigid, and protects surrounding area from water damage.
- Versatile use as pool coping or to edge steps, planters, columns or terraces
