

# BELGARD®

Pro Consultation Guide

# WHY PROS CHOOSE BELGARD

## QUALITY

Belgard pavers and walls are engineered for long-term performance and beauty to reduce call-backs. Every product is backed by a transferable limited lifetime warranty, giving your customers confidence in your work.

## SERVICE

Belgard and the Oldcastle APG family of brands deliver national scale with local manufacturing, distribution and field support. With more than 150 locations, we help keep product available, projects on schedule and jobsites supplied.

## EXPERTISE

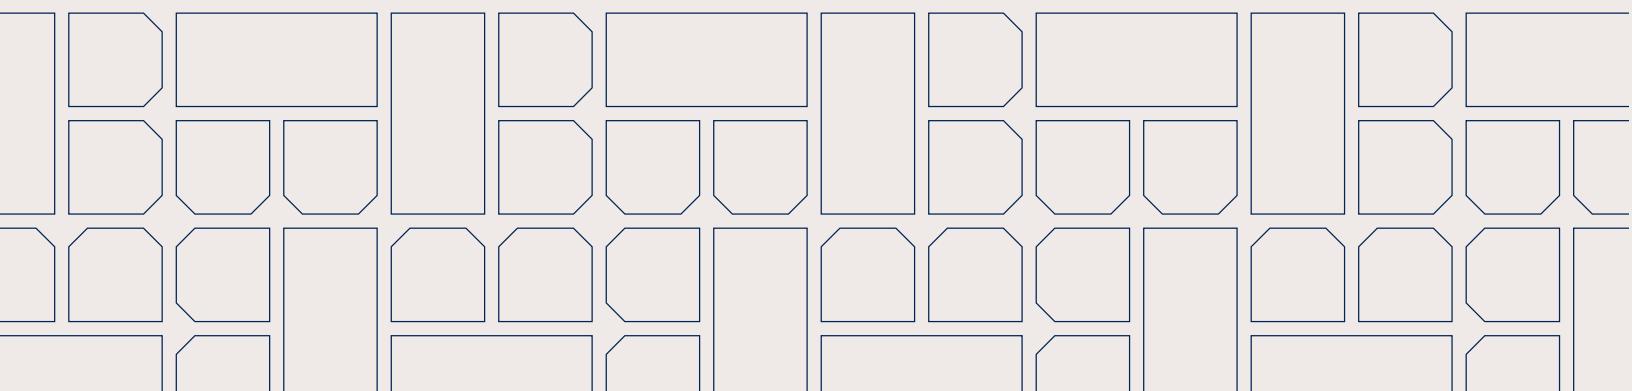

For over 25 years, Belgard has led the hardscape category with proven installation standards and training. Our Belgard Authorized Contractors and certified installers are backed with technical support and resources from takeoff to final walkthrough.

## INNOVATION

Belgard invests over 20,000 R&D hours each year to develop new hardscape systems, textures and installation solutions that help you work faster and build better spaces. Our products set performance standards and keep your offering ahead of trends.

## DESIGN

Belgard design tools, pattern libraries and visualization resources help you show customers what's possible and sell more complete outdoor living projects. From simple patios to complex multi-level spaces, our portfolio supports your client's vision.

BUILD FOR LIFESTYLE

# DESIGNS FOR EVERY BUDGET

Help homeowners choose the right outdoor design by uncovering priorities before showing products. Use these prompts to guide the discussion and simplify their decision-making.

## Entertainment-Ready Retreat

### BEST FOR:

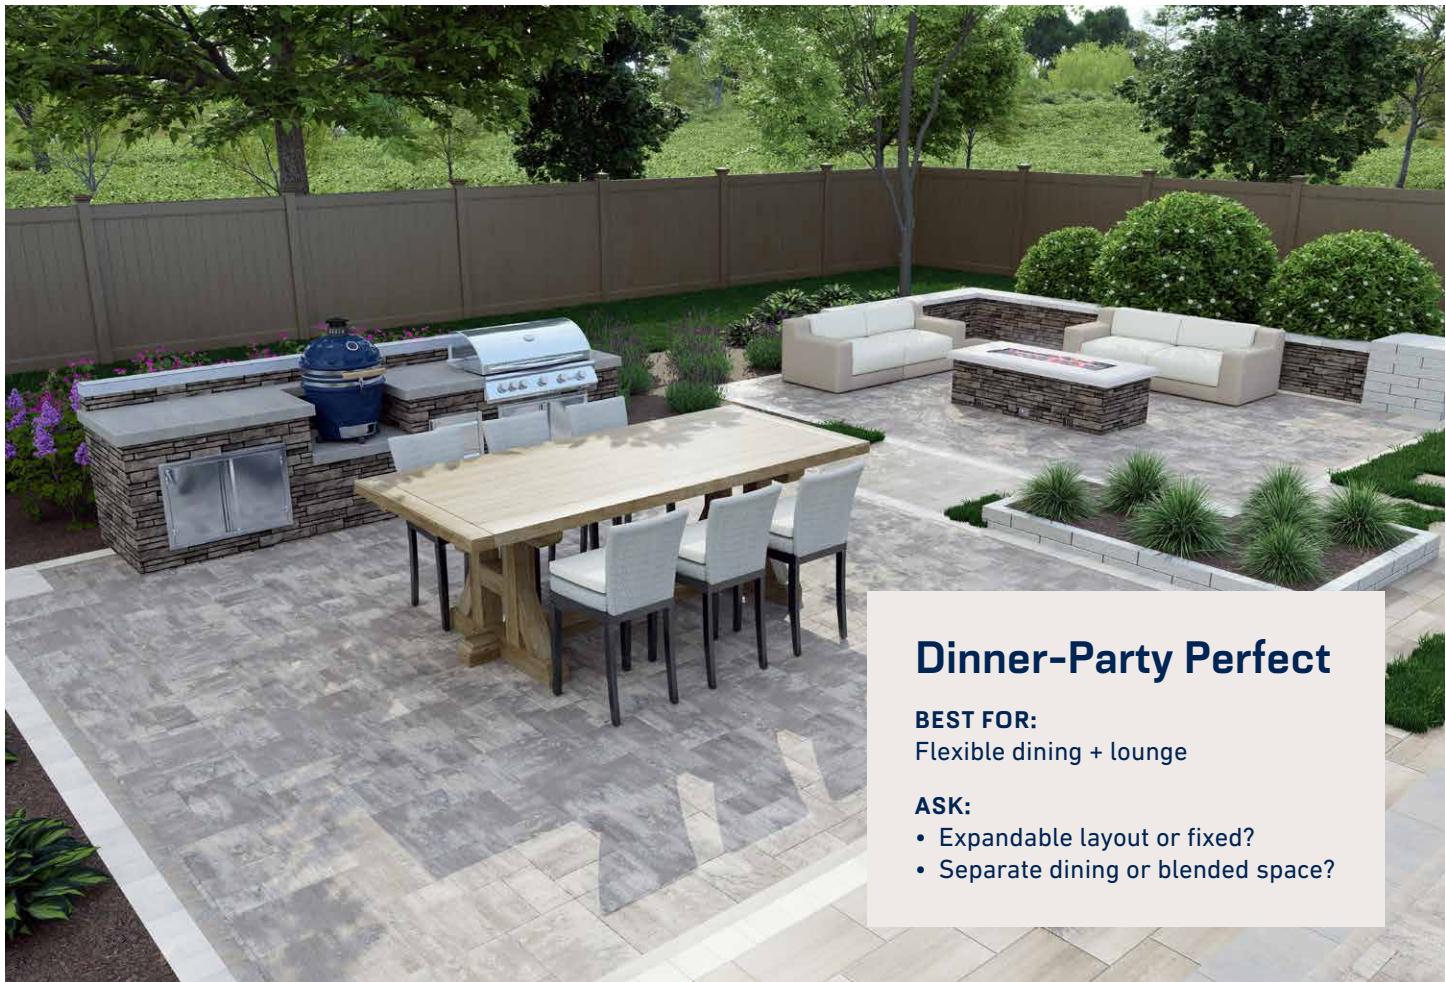

Big gatherings, outdoor cooking

### ASK:

- Which feature is most important—fireplace, kitchen, or seating?
- Phase upgrades or build all at once?

### Pro Tip

Position yourself as a long-term partner, not just a one-time installer. Offer seasonal maintenance and upgrade packages.

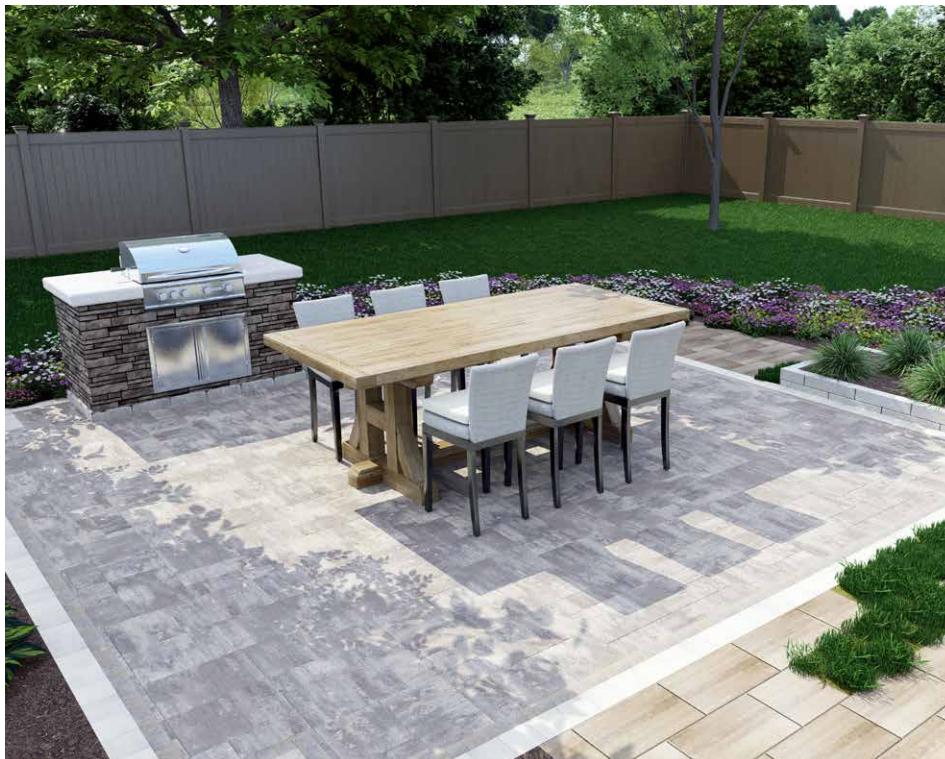

## Dinner-Party Perfect

### BEST FOR:

Flexible dining + lounge

### ASK:

- Expandable layout or fixed?
- Separate dining or blended space?

## The Simple Life

### BEST FOR:

Budget-friendly, low maintenance

### ASK:

- Speed or customization?
- Keep it simple or allow for growth?

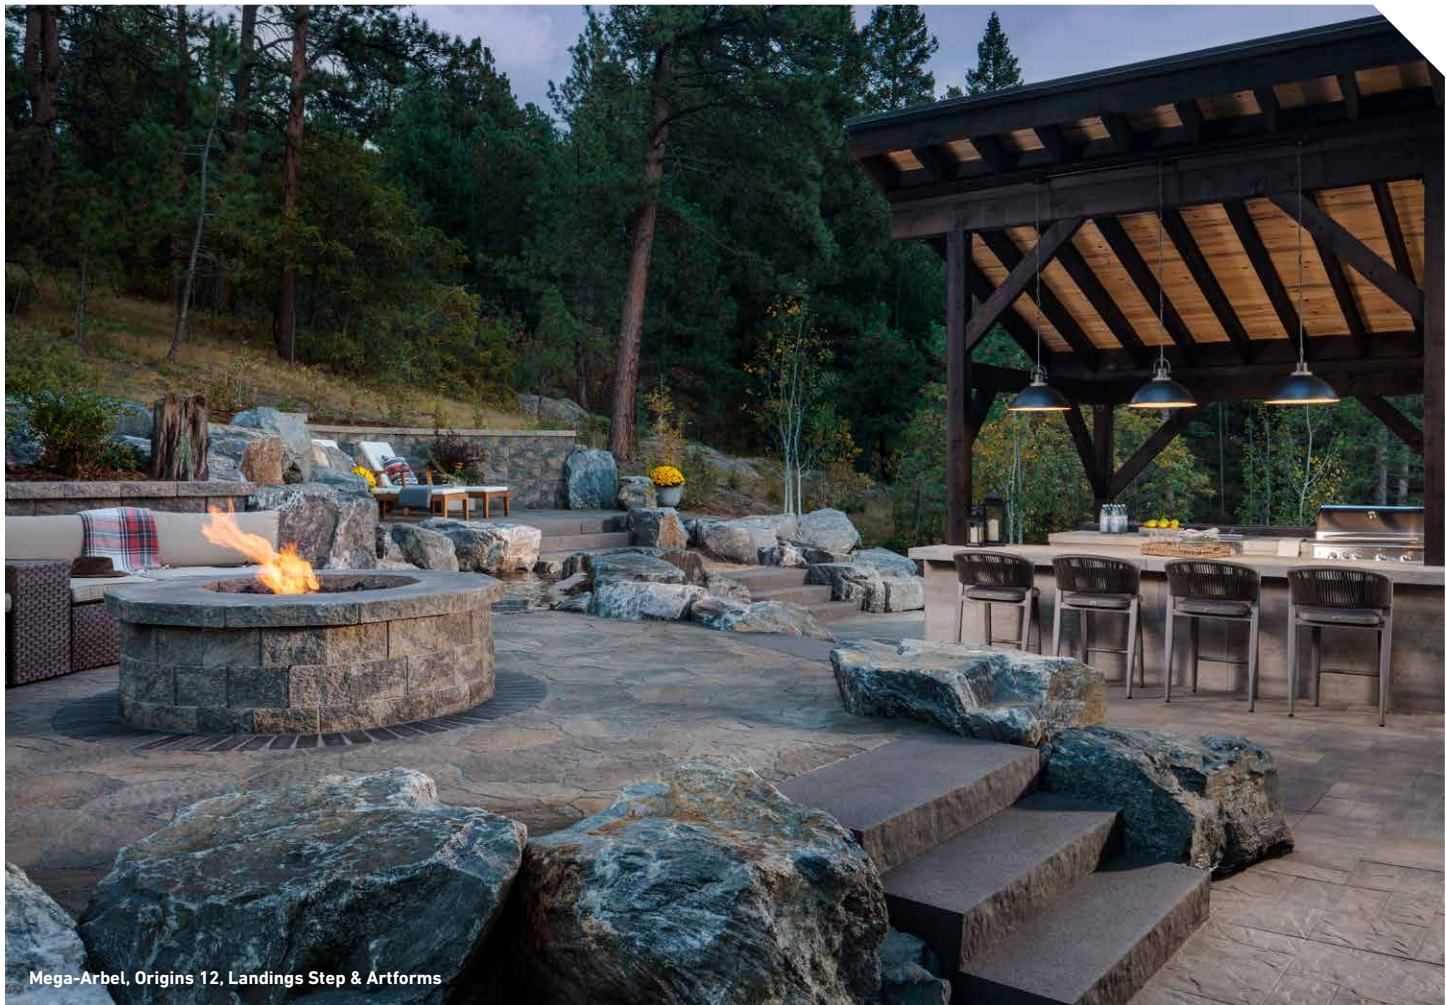

### Pro Tip

Modular pavers save time on design and installation and make expansions simpler.

DESIGN FOR STYLE

# FIND THEIR PERFECT OUTDOOR STYLE

Help homeowners choose a look that fits their lifestyle and home. They've defined how they'll use the space and set a budget—now guide them toward a style that feels right.

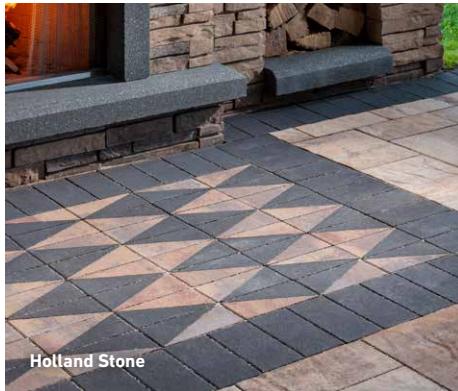

Mega-Arbel, Origins 12, Landings Step & Artforms

## Rustic Retreat

Natural textures and earthy tones for a cozy, organic feel.

### ASK:

- Do you want the space to feel relaxed and connected to nature?
- Would rugged stone or wood accents complement your home?

Holland Stone

Dimensions 12 & Belgian Cobble

Charlestone

## Refined Tradition

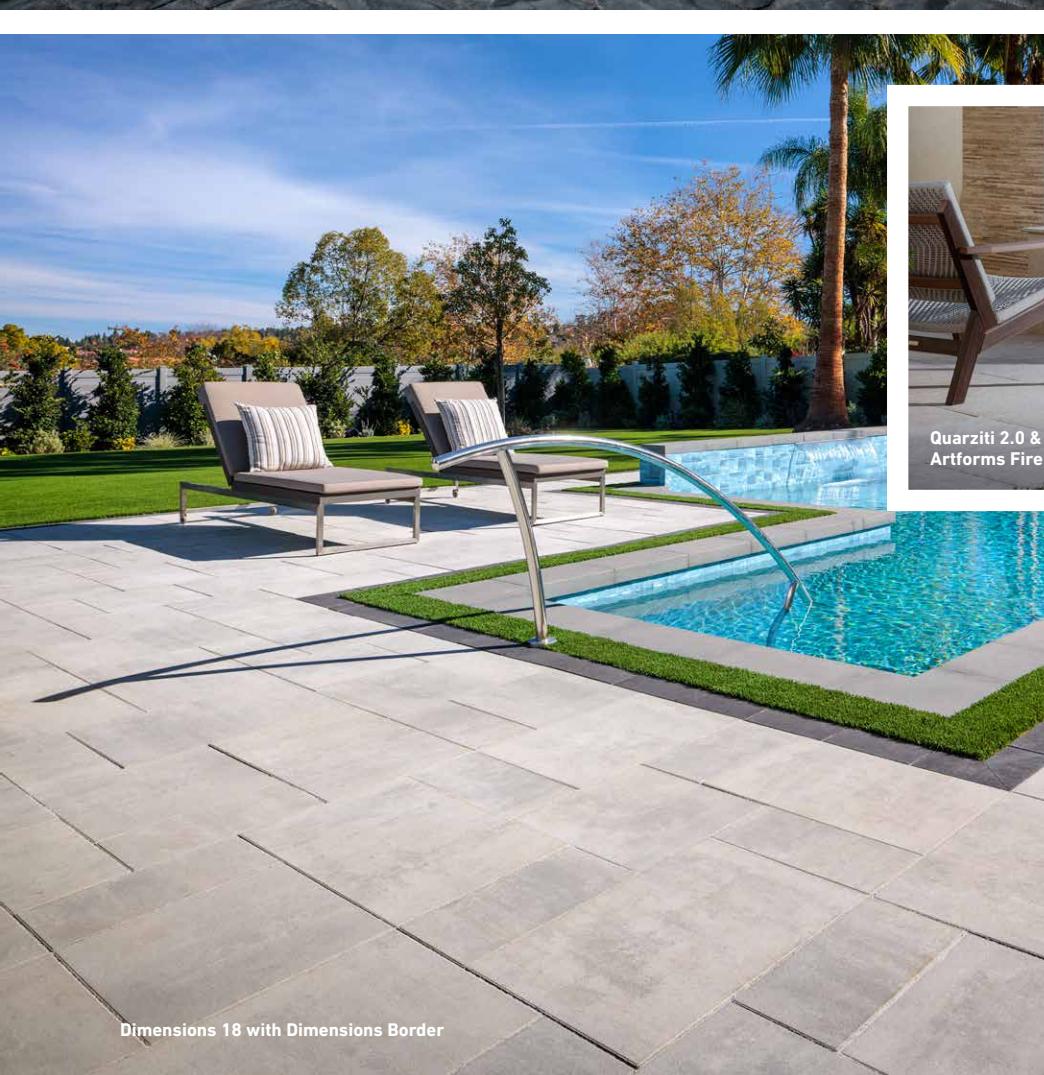

Classic patterns and rich tones for timeless elegance.

### ASK:

- Do you prefer a formal, polished look?
- Are symmetry and pattern important to you?

Brooklyn, Weston Stone & Marina Coping

Dimensions 18 with Dimensions Border

Quarziti 2.0 &  
Artforms Fire Pit with Quarziti 2.0 Veneers

## Modern Minimalism

Clean lines and smooth textures for a sleek, contemporary vibe.

### ASK:

- Do you want an open, uncluttered space?
- Would large-format pavers or neutral tones fit your vision?

THE ART OF DESIGN

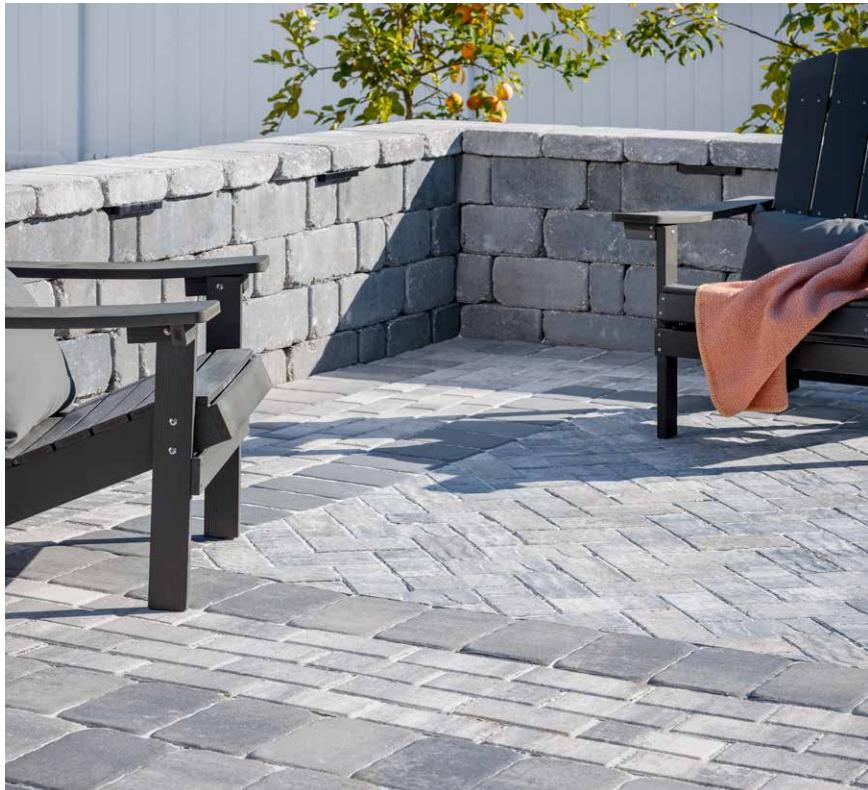

# MAKE YOUR STATEMENT WITH COLOR

You've defined the space and chosen a style—now let's pick colors that bring it all together. By guiding them through color choices, you can elevate curb appeal and create designs that complement their home's style.

## Solid Shades

Offer a clean, cohesive look that simplifies design decisions. Solid shades provide a timeless foundation, making landscaping and décor stand out effortlessly.

## Monochromatic

Suggest a sleek, unified palette for homeowners who prefer understated elegance. Monochromatic designs highlight textures and patterns without overwhelming the space.

## Contrasts

Encourage bold combinations for homeowners seeking visual interest. Contrasting colors define spaces, highlight features, and create a dynamic, eye-catching design.

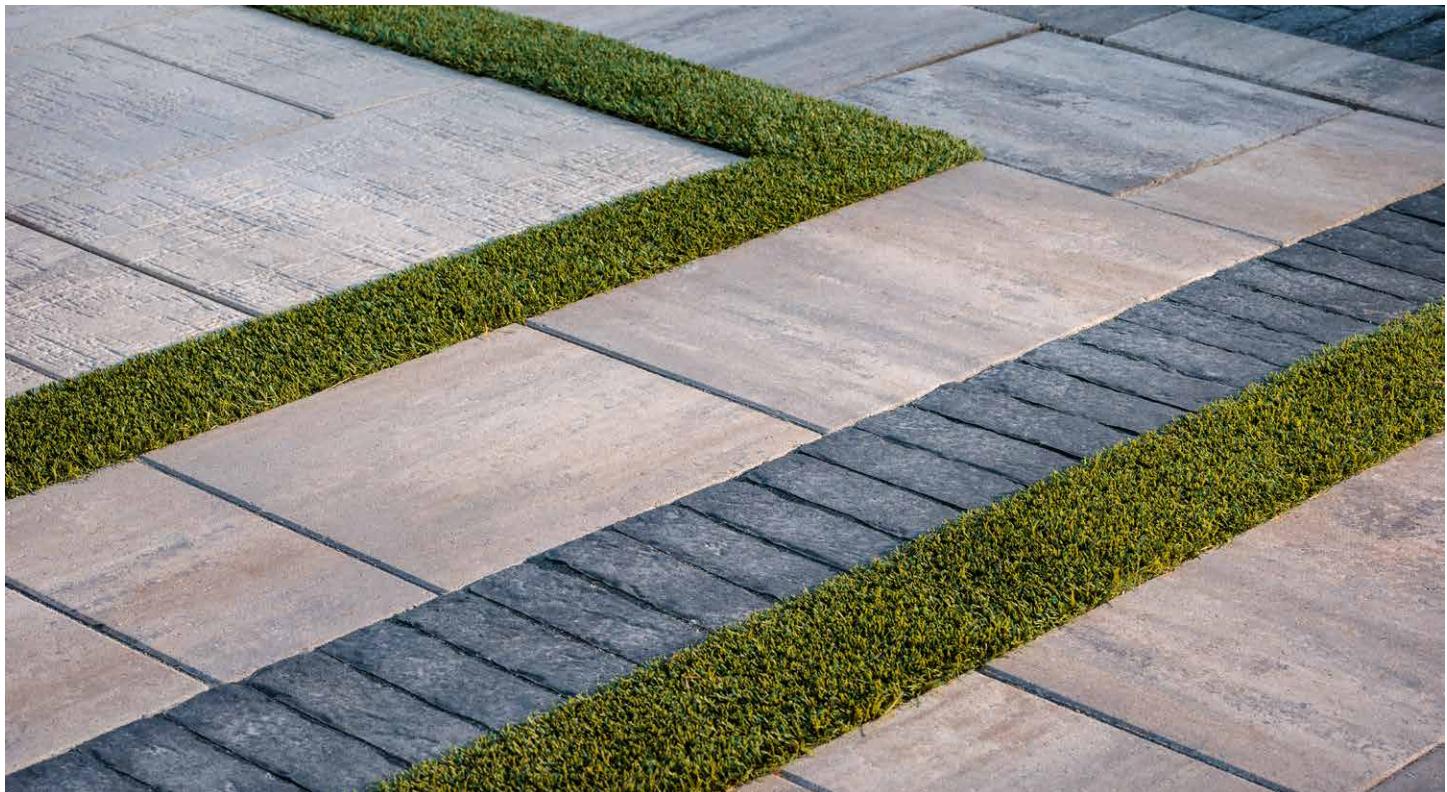

## Cool Blends

Introduce refreshing, modern tones that bring a sense of calm to outdoor spaces. Cool blends work well for contemporary styles, adding subtle sophistication homeowners will love.

## Warm Tones

Warm tones create inviting, comfortable environments. They pair perfectly with natural elements and greenery, giving outdoor living areas a grounded, welcoming feel.

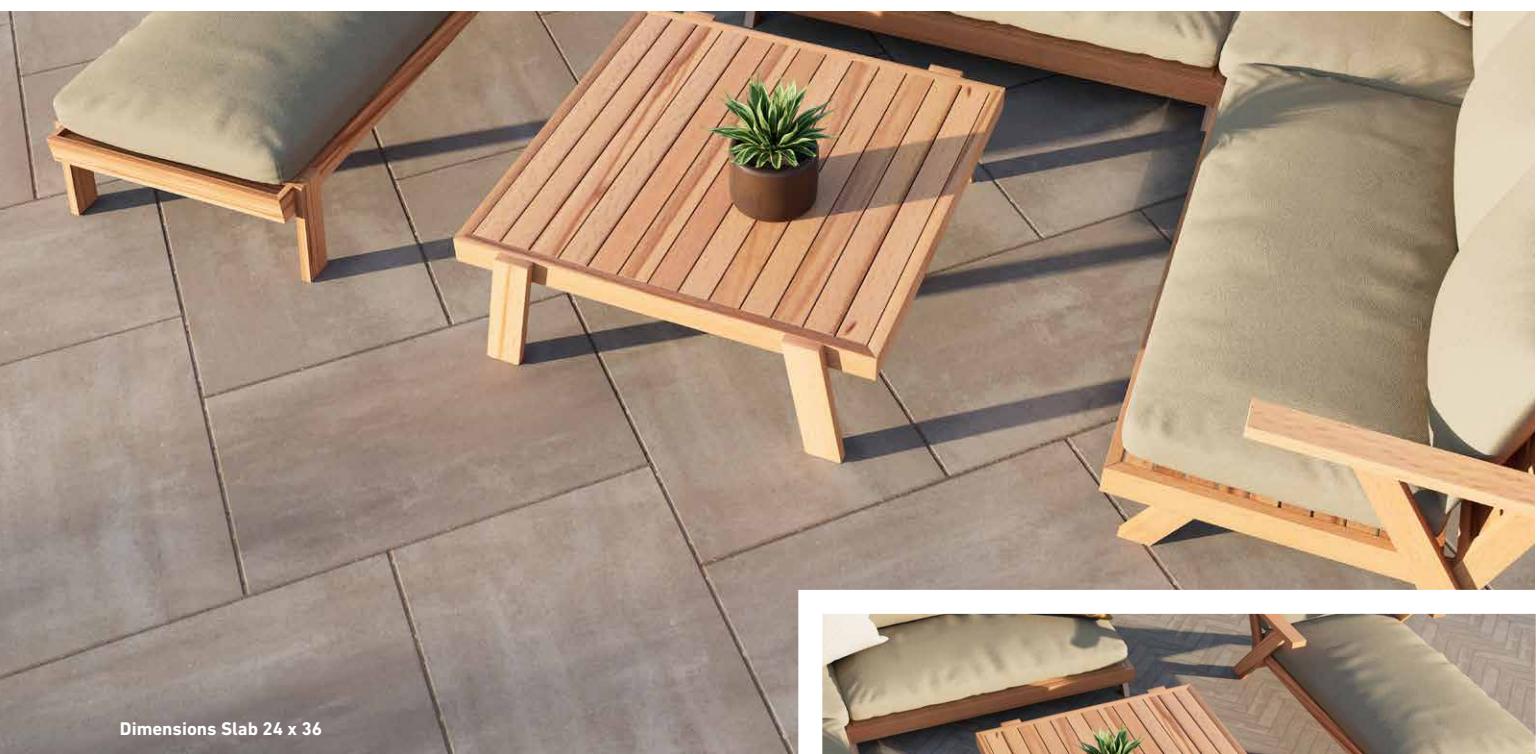

## Mix & Match

Show how mixing colors and textures can personalize a space. This approach allows homeowners to create unique transitions between areas and express their individual style.

UNLOCKING FLEXIBILITY & FLOW

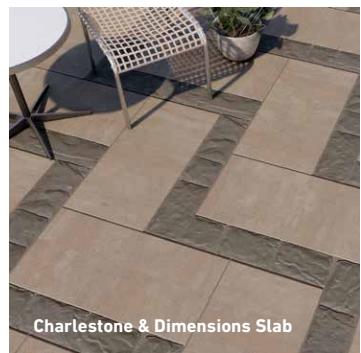

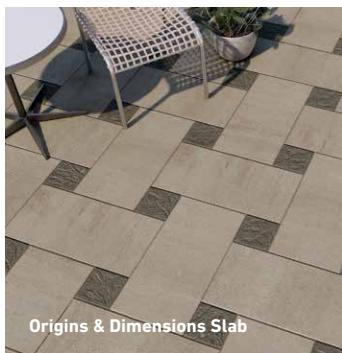

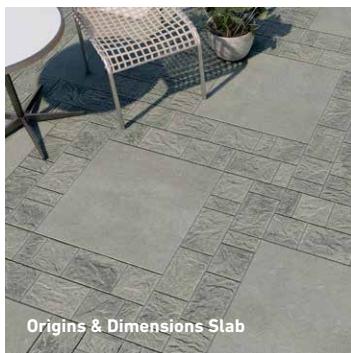

# MODULAR SIZES. ENDLESS PATTERNS.

Show homeowners how size and layout choices transform the look and feel of their space—and how **modular** systems make it easy to customize now and expand later.

## Design Smarter: Scale + Pattern That Sell

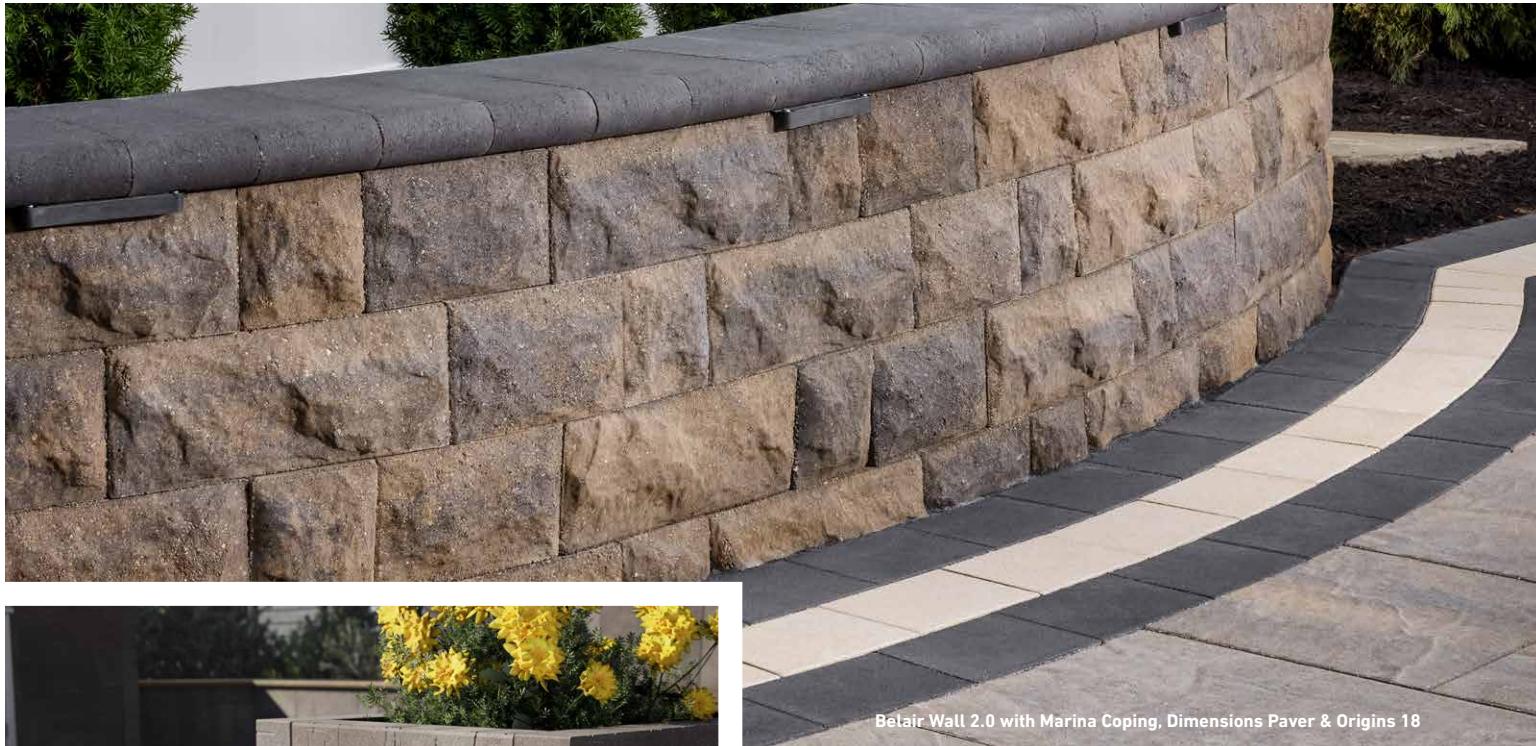

- **Size Sets the Tone:** Big slabs create a modern, open feel, smaller units add detail and intimacy.
- **Pattern Adds Personality:** Straight lines feel calm, angled layouts bring energy.
- **Infinite Possibilities:** Mix sizes and patterns for custom designs now—and easy expansion later.

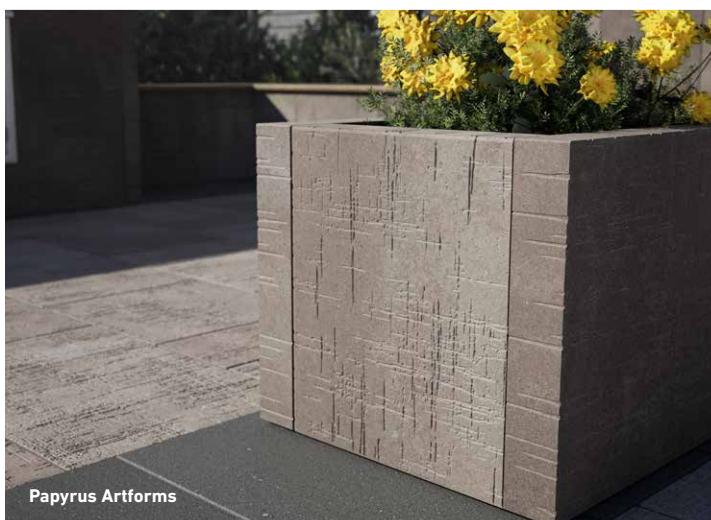

DESIGN YOU CAN FEEL

# THE POWER OF TEXTURE

Texture is one of the most powerful tools in hardscape design, adding both personality and traction underfoot. Mix textures to balance interest, play with light and shadow, and create spaces that are both safe and inviting.

Belair Wall 2.0 with Marina Coping, Dimensions Paver & Origins 18

Papyrus Artforms

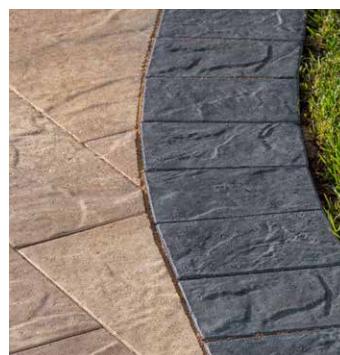

## Layer in Vertical Texture

Consider pairing complementary textures across pavers and walls for a cohesive look, or contrast finishes to create visual depth and distinction between horizontal and vertical surfaces.

Smooth

Slate / Textured

Tumbled / Antiqued

Artisan

## STRUCTURE & STYLE

# WALLS THAT DEFINE SPACES

Walls do more than hold back soil—they shape how homeowners live outdoors. By creating boundaries, levels, and zones, walls turn ordinary yards into organized, functional, and inviting spaces.

## Freestanding Walls

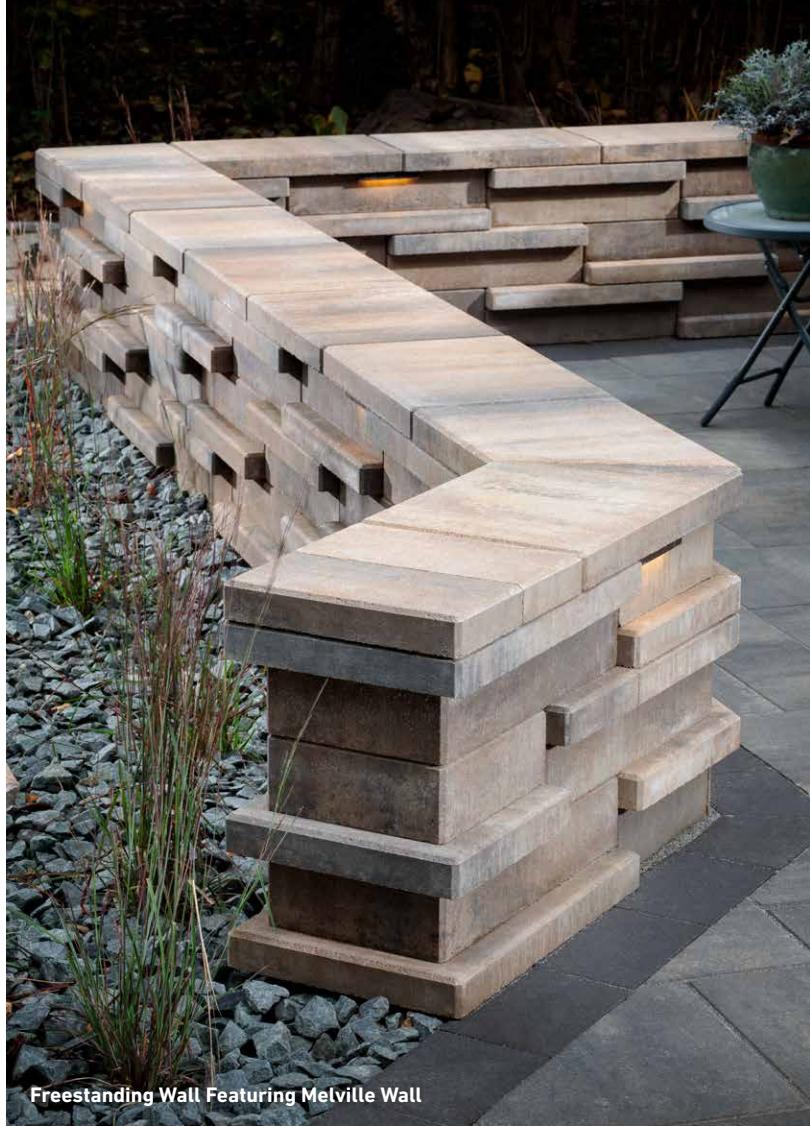

### DEFINE ZONES. CREATE FLOW.

Carve out distinct areas for dining, lounging, or entertaining, turning open yards into organized, livable spaces.

## Garden Walls

### FRAME BEDS. POLISH LANDSCAPES.

Add structure to flower beds and planters for a clean, polished look that makes maintenance easier and landscaping more enjoyable.

Freestanding Wall Featuring Melville Wall

Freestanding / Retaining Wall Combo  
Featuring Ashlar Tandem

## Retaining Walls

### TURN SLOPES INTO SPACES.

Transform steep grades into usable terraces for patios, gardens, or driveways, unlocking functional square footage.

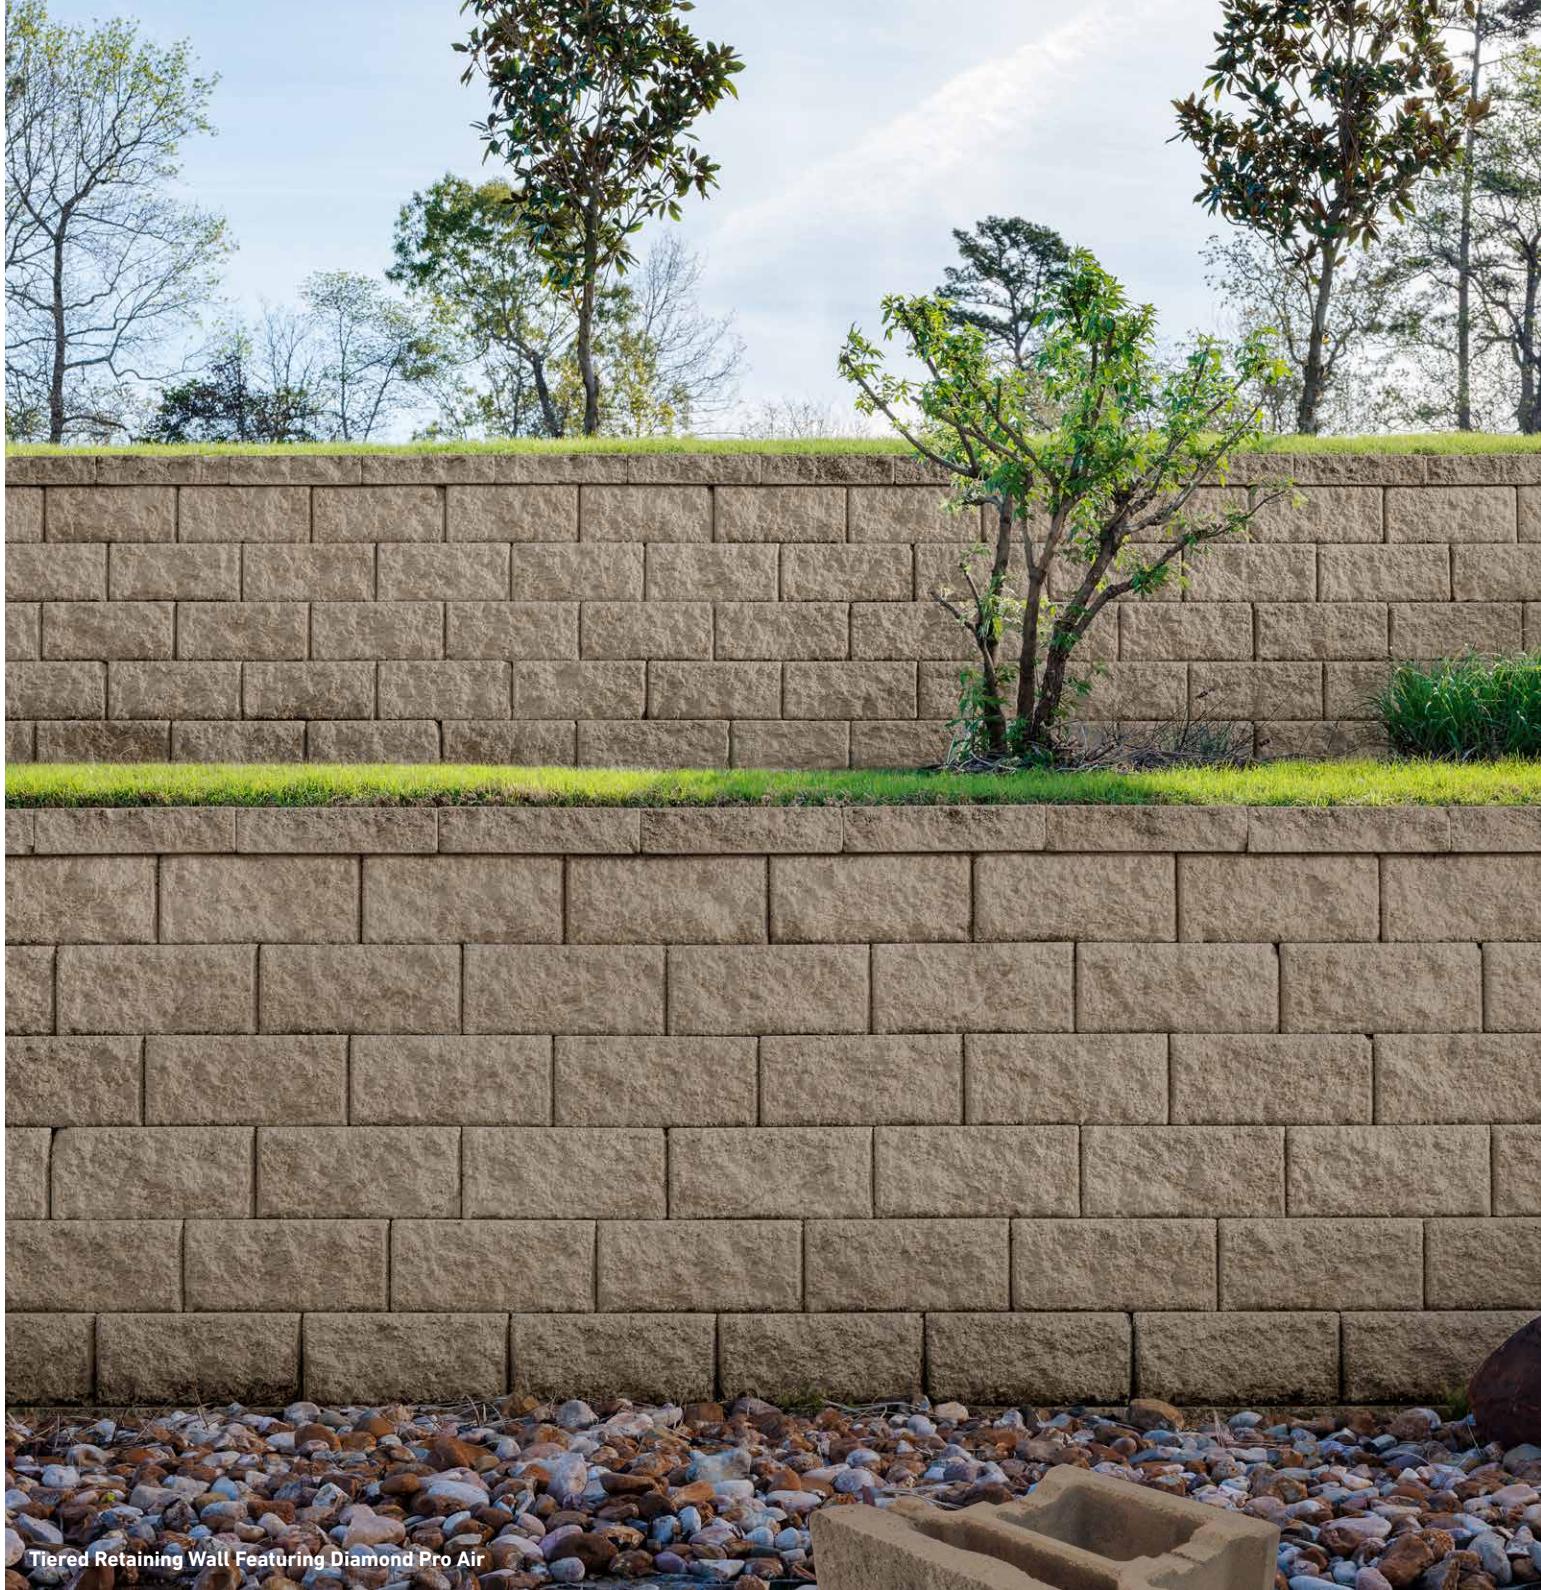

## Tiered Walls

### LAYERED DESIGN. MAXIMUM USE.

Add depth, dimension and versatility with multilevel spaces that include plantings, seating and transitions.

## Plan with Purpose

Before choosing a wall product, consider what it needs to do—hold back soil, create levels, or simply add style. Function determines the right design.

Tiered Retaining Wall Featuring Diamond Pro Air

## Smart Strength for Every Landscape

### DIAMOND PRO® AIR

Engineered for performance and designed for elegance, Diamond Pro Air walls offer multiple textures and colors to fit any style. Lightweight, easy-to-handle blocks speed up installation, saving time and labor, and maximize usable space without compromising durability.

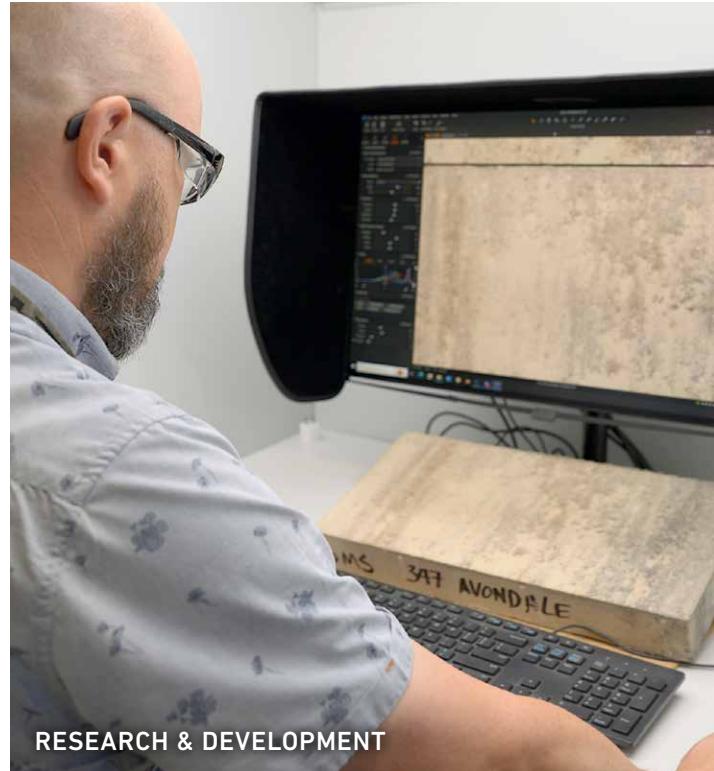

Retaining walls over 4 feet in height should be designed by a qualified engineer.

## HOW IT'S MADE

# CRAFTSMANSHIP BACKED BY INNOVATION

### QUALITY FOR LIFE

Belgard has taken the artistry of handcrafted stone to a higher level. Through research and innovation, we've developed a deep understanding of how to make modern, best-in-class hardscape products that fit the lifestyle of today's homeowners and commercial developments, while still honoring the artisans of old.

### INTENTIONAL AT EVERY STEP

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. Whether our teams are designing a new surface texture, validating a color formula, or inspecting finished product for defects, we demand the highest quality from each of our facilities across North America. We believe in creating world-class building products that stand the test of time.

## PALLET LAYOUT

## TECHNICAL Specs

- True 3" increments for simplified design, quoting and ordering
- Compatible with all modular paver lines—look for Modular Sizing icon
- Modular dimensions reduce cuts, installation time, and waste
- Modular compatibility allows more creative pattern options
- Maximized pallet layout for jobsite efficiencies
- Ideal for patios, walkways and residential vehicular applications
- Can be used to construct ADA-compliant pavement

### DuraFusion™ Technology

A bold, vibrant finish with a smoother, tighter texture.

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world-class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://Belgard.com/Warranty)

Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.

### TECHNICAL SPECS

- Incredibly high breakage loads, up to 3,000 pounds
- Can be cleaned with normal household cleaners and even pressure washed with a low pressure washing device.\*
- High-density structure and ultra-low absorption rate provide a tight surface texture that fends off surface mold, moss, dirt and stains
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials
- Structured top textures create non-slip surfaces
- Freeze-thaw resistant—100% frostfree and properties remain unaltered at temperatures ranging from -51.1° to + 60° C (-60°F to +140°F)
- Can be installed on a pedestal system for plaza and rooftop installations
- Suitable for ADA-compliant installations

\* It is important that all pressure washing of your porcelain pavers be done with a low pressure washer with a maximum of 1600 psi and nothing more powerful. When pressure washing your installation, care should be taken to prevent damage to the grout (adhesive and grout installations) and some re-sanding will be necessary when power washing an installation with sand or polymeric sand joints.

Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.

### TECHNICAL SPECS

- Incredibly high breakage loads, up to 3,000 pounds
- Can be cleaned with normal household cleaners and even pressure washed with a low pressure washing device.\*
- High-density structure and ultra-low absorption rate provide a tight surface texture that fends off surface mold, moss, dirt and stains
- Unaffected by alkalis, acids, chemical agents, salt and other de-icing materials
- Structured top textures create non-slip surfaces
- Freeze-thaw resistant—100% frost-free and properties remain unaltered at temperatures ranging from -51.1° to + 60° C (-60°F to +140°F)
- Can be installed on a pedestal system for plaza and rooftop installations
- Suitable for ADA-compliant installations

\* It is important that all pressure washing of your porcelain pavers be done with a low pressure washer with a maximum of 1600 psi and nothing more powerful. When pressure washing your installation, care should be taken to prevent damage to the grout (adhesive and grout installations) and some re-sanding will be necessary when power washing an installation with sand or polymeric sand joints.

Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.

### TECHNICAL Specs

- Ideal for retaining walls, columns and steps
- Rear-lip locator
- Large cores for ease in handling
- Matching corner and cap for a seamless appearance
- Gravity walls can be built up to 4 ft high\*, including buried course with a 7.1° batter
- Walls in excess of 50 ft high have been built with Diamond Pro when combined with geosynthetic reinforcement
- Minimum outside radius, measured from the top course to the front of the units: 4 ft
- Minimum inside radius, measured on the base course to the front of the units: 6 ft

\*Gravity wall heights are based on project specific conditions and may be lower than this value.

### QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world-class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://Belgard.com/Warranty)

Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.

## PALLET LAYOUT

## TECHNICAL Specs

- Builds walls, seating and columns from one system
- Gravity retaining walls up to 3 ft. and freestanding walls up to 2 ft. 6 in.
- Lightweight open-core units for easier handling and cutting
- Open slotted pinholes to help form inside and outside curves
- Integrated corner solution to finish turns and ends without extra pieces
- Shared pin design with Diamond® Pro PS for cross-platform consistency

\*Gravity wall heights are based on project specific conditions and may be lower than this value.

## QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world-class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://Belgard.com/Warranty)

Due to the natural materials in our products, colors may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect color and finish for each project.

OLDCASTLE

A photograph of three construction workers in a wooded area. They are laying pavers on a gravel base. One worker in the foreground is wearing a blue shirt and tan pants, leaning over a paver. Another worker in the middle ground is wearing a grey long-sleeve shirt, blue jeans, and a grey baseball cap, looking down at the work. A third worker is partially visible on the left. Stacks of pavers and tools are scattered around the work site. The background is a dense green forest.

## PAVER TECHNOLOGY GUIDE

# OPTIONS THAT PERFORM FOR EVERY LIFESTYLE

Choose textures and tones for the desired look, with performance engineered for how the space will be used. No matter the climate or site conditions, the right paver technology stands up to everyday life and delivers lasting style.

**The Right Paver Technology for the Right Project, Every Time.**

### Core Mix

A staple in outdoor patio design, offering consistent color through the whole paver to minimize wear.

### DuraFusion™

Ideal for design-forward projects and regions with harsh or unpredictable winter weather.

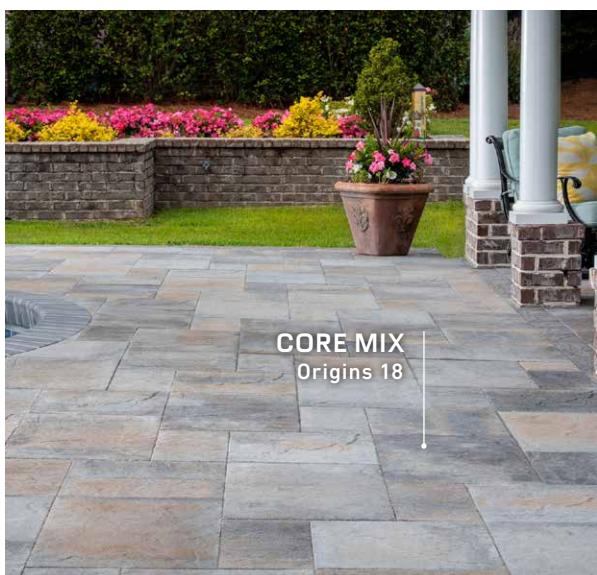

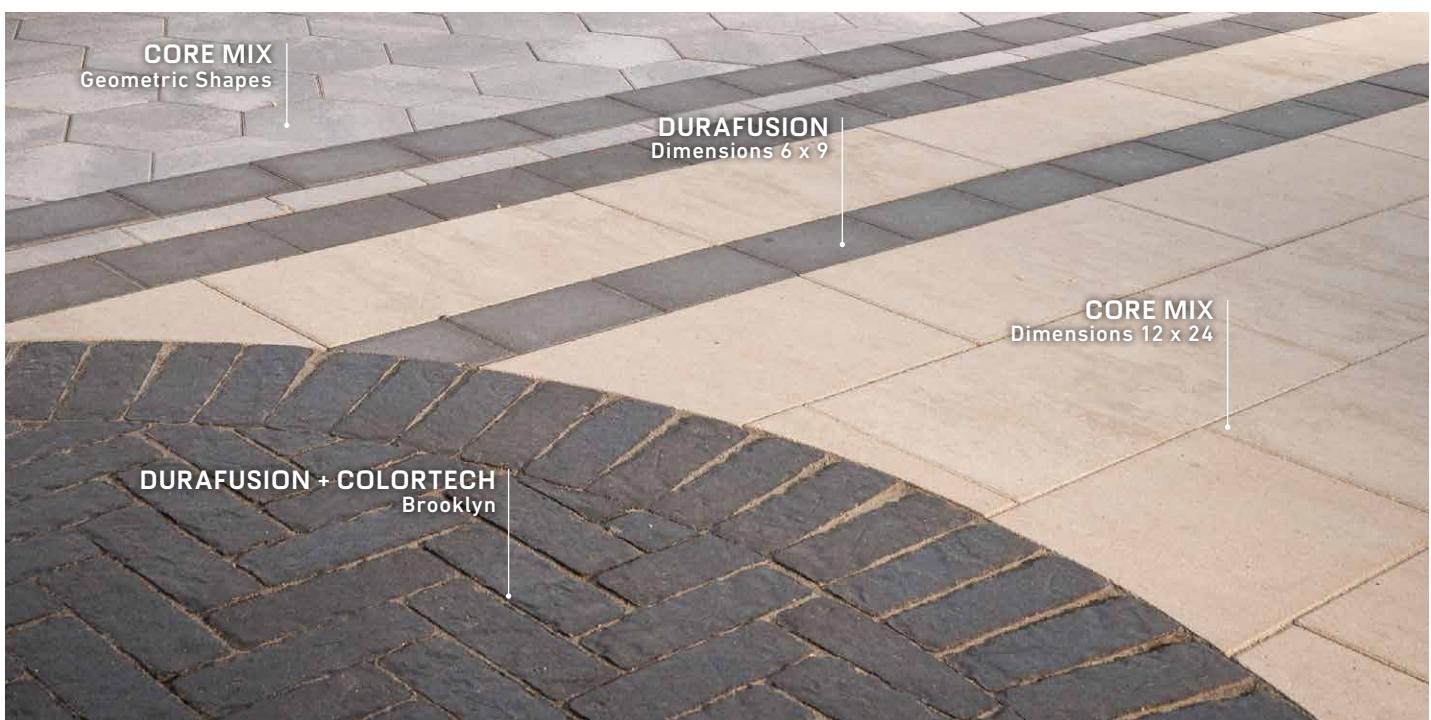

### ColorTech™

Factory-applied finish for sun-exposed spaces where long-lasting color and easy maintenance matter most.

### DuraFusion™ + ColorTech™

Ultimate protection offers lasting durability, bold texture, and vibrant color.

PROTECT THEIR INVESTMENT

# MAINTENANCE & PROTECTION

For 40 years, Techniseal® products have been trusted by residential and commercial hardscape installers. As a one-stop shop, Belgard offers Techniseal sealers, adhesives and edging to achieve long-lasting results.

WANT MORE

## REMOVE STAINS

Tackle tough surface stains with specially formulated stain removers.

Rust stain  
remover

Dirt & grease  
stain remover

## ELIMINATE EFFLORESCENCE

Maintain and restore the beauty of your hardscape surfaces.

Paver restorer  
removes haze  
created by some  
polymeric sands

Paver Prep dislodges  
efflorescence and  
ground-in dirt

## PREVENT WEEDS & EROSION

Enhance aesthetics, durability and stability of paver projects.

The smart choice  
for everyday  
installations

High-performance,  
the only real  
no-haze, no-dust  
alternative

## Maintenance Tip

Allow pavers to cure prior to sealant application. Discuss with your representative, as cure time varies by climate. Maintain the long-term beauty of pavers by cleaning and resealing every 3 to 5 years.

## STAIN RESISTANCE

Protect pavers or enhance color with top quality sealers.

Natural look with matte finish, preserves the natural beauty of pavers

Color Boost CB+ matte finish, enhances the color of pavers

## ENHANCE STABILITY

NextGel™ technology ensures stability of patios and walkways.

Fortified hardscape concrete edging

## SUPERIOR STRENGTH

Bond construction materials 50% faster (8-minute bond time).

Hardscape foam adhesive
