Artisan Cast Stone
Square Fire or Planter Bowls,
Natural Finish in Carrara, Earthcast and Slate

Fire bowls are sold as a kit, which include a cast stone bowl, manual burner, support plate, lava stone and regulator (for propane tank only). Planter bowls include a rector seal.

Artisan Cast Stone Square Fire & Planter Bowls

Built for style, strength and versatility, our cast stone products feature a unique tone-on-tone effect, which achieves the look of natural stone.

FEATURES & BENEFITS

- Made of Glass Fiber Reinforced Concrete (GFRC), providing industry leading PSI strength.
- Integrated feet provide for improved ventilation and allow for ease of installation.
- Convenient 4 inch center hole allows access to gas lines.
- Natural pigments are used to provide an organic color and ensure an enduring finish – with color permeating throughout the cast stone.
- Manual burner is designed to provide 60,000 to 80,000 BTU/HR.
- Penetrating sealer offers protection from the elements and enhances the richness of color.
- Each bowl is meticulously hand polished for a smooth and seamless finish.
