Due to the natural materials in our products, colors may vary from those shown on the cut sheet.
We recommend viewing actual product samples to ensure the perfect color and finish for each project.

FEATURES & BENEFITS

- Rugged look of cut stone available with either a solid or virtual joint face for design flexibility
- Rear-lip locator
- Large cores for ease in handling
- Matching corner and cap for a seamless appearance
- Gravity walls can be built up to 4 ft high*, including buried course with a 7.1° batter
- Walls in excess of 50 ft high have been built with Diamond Pro when combined with geosynthetic reinforcement
- Minimum outside radius, measured from the top course to the front of the units: 4 ft
- Minimum inside radius, measured on the base course to the front of the units: 6 ft

*Gravity wall heights are based on project specific conditions and may be lower than this value.
