

HERTIAGE COLLECTION

DIAMOND[®] 9D STRAIGHT

RETAINING

The split-face texture of this wall imparts a rough natural stone appearance with pleasing aesthetics that blend well in various landscapes.

QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at [Belgard.com/Warranty](https://www.belgard.com/Warranty)

FEATURES & BENEFITS

- Classic split-stone look
- All system components are standard-split in-line
- Rear lip locators easily establish a uniform wall batter
- A matching cap and corner completes the system
- Build gravity walls up to 3 feet high*, including the buried course.
- Taller walls can be built using geosynthetic reinforcement when designed by a qualified engineer.
- Minimum outside radius, measured on the top course to the front of the units: 3 feet
- Minimum inside radius, measured on the base course to the front of the units: 6 feet
- The rear lip establishes a 1⅞" setback for a 10.6 degree system batter

**Gravity wall heights are based on project specific conditions and may be lower than this value.*
